

## GRAND JURY WILL MEET WEDNESDAY

Evidence Against Cecil Cloud, 29, Held as Murder Suspect, Will be Presented to Investigators

### JAIL DELIVERY IS HINTED

Mysterious Calls Regarding Alleged Crimes Received by Authorities Throughout Night

The grand jury will be convened Wednesday, it was stated today, and the investigators will have laid before them the facts gathered by the Pinkerton detective agency against Cecil Cloud, 29, who is held in jail as a suspect in the murder of Luther C. Sharp, December 8, when he was held up by a bandit, and died ten days later from a gunshot wound.

Cloud, in the meantime, is held confined in a solitary cell in the middle of the jail, and is not given the freedom of the corridors, as most prisoners.

It was intimated that last night there was a scheme on foot by outsiders to barnstorm the jail and give Cloud his freedom, but this report was not verified by any officer, and was kept a secret, if it was a fact.

Police officers around midnight received call after call to various parts of the city, all of which proved false reports and Sheriff Hunt was called out of bed several times, when certain crimes were described as taking place, but the sheriff never budged and remained on guard at the jail.

One of the calls was sent into police headquarters about 12:30 that there were four robbers planning an attack on George W. Young, an attorney who lives at 414 North Main street. His son, J. V. Young was first warned about the alleged attack, and he with others and Patrolman Havens made quick investigation but no robbers were found.

Reports were current today that the outside friends of Cloud were making an attempt to get the officer away from the business district, and then make a jail delivery, but if such a plan was on foot, Sheriff Hunt was aware of it, and told all callers on the phone, to locate the police officers, and he remained on duty at the jail.

It was reported that the telephone wires were later cut at the jail, but this report was denied today.

It was also intimated today that if there is any apparent danger of a jail delivery that the prisoner will be removed to some other jail for safe keeping.

## MRS. BRIDGET MULLINS IS DEAD OF PARALYSIS

Wife of Edward Mullins Expired This Morning, Having Suffered Second Stroke Week Ago

### SURVIVED BY EIGHT CHILDREN

Mrs. Bridget Mullins, wife of Edward Mullins, died in her seventieth year, of paralysis, at her home, 322 North Perkins street, this morning at 5:15 o'clock.

Mrs. Mullins suffered a stroke of paralysis March of last year and had been in feeble health since that time, though able to be up and about her home until one week ago Sunday, when she suffered a second stroke, which brought about her death.

Mrs. Mullins was born March 5, 1854 in County Mayo, Ireland, and her maiden name was Bridget McKee. She came to America in 1870 and settled in Rushville, spending the remainder of her life in Rush county. Her marriage to Mr. Mullins took place after she came to this city.

Besides the husband, she is survived by eight children as follows: Mrs. Will McCoy, Mrs. Dan Long, Mrs. Buford Winship, Mrs. Richard Byrne, James, Michael, Edward and Leo Mullins, all of this city, and eighteen grandchildren.

The funeral services will be held Wednesday morning at nine o'clock at St. Mary's Catholic church and burial will be made in Calvary cemetery.

The Knights of Columbus will meet at the lodge rooms at 7:30 Tuesday night and proceed in a body to the late residence, for prayer.

## NEW BY-LAWS ADOPTED AT MONTHLY MEETING

Some Changes Made in Original Draft of Horse Thief Detective Association Articles

### LIMIT PUT ON ASSESSMENTS

By-laws and new articles of incorporation were adopted, with some changes, at the regular monthly meeting of the Rush County Horse Thief Detectives association, which was held in the commissioners room of the court house Saturday night.

One section of the new by-laws, as originally drawn up, provided that the association could employ special investigators to investigate alleged law violations, and that the cost should be borne by assessments levied on the members. Some members of the association protested this provision because it fixed no limit for the assessment, which resulted in the proposed assessments being limited to \$1 per member per year.

Another change in the old by-laws provided for in the new set, makes it possible to change the meeting place of the association twice a year—in May and November. It was not explained why this change was made as the association has been meeting regularly in the court house. The new by-laws provide the treasurer shall give bond, the association to fix the sum.

Will H. McMillin is still the president of the association and Frank E. Sample has been continued as secretary the annual election having taken place in January.

## HASTY BROTHERS GIVEN SENTENCE

Walter, 29, Must Serve Term of 2 to 14 Years in Reformatory For Conspiracy to Steal

### FRED, 26, GIVEN A CHANCE

Similar Sentence is Suspended Pending Good Behavior—Father is in Michigan City

Walter and Fred Hasty, charged in a joint indictment in court with conspiracy and larceny, appeared this morning when court opened for the February term, and each defendant pleaded guilty to the charge, and received sentences.

Walter Hasty, gave his age as 29, and was fined \$25 and costs, and sentenced to the reformatory at Pendleton for a 2 to 14 year term.

Fred Hasty, his brother, said he was 26 years old and received a similar fine and sentence, which was suspended by the court during his good behavior. The two brothers were implicated with their father, John Hasty, who was tried in December, and found guilty, and is now serving a term at Michigan City.

The three members of the family, and a relative by the name of Johnson, were charged with entering into a conspiracy to steal chickens, and that their conspiracy was carried out, and that chickens were stolen from farmers of northern Rush county.

In the case of the state against Bert Hankins and Otis Ryan, charged with attempted criminal assault, each has withdrawn pleas of not guilty, and a separate motion to quash the charge has been preferred, but no action taken on the motions to quash.

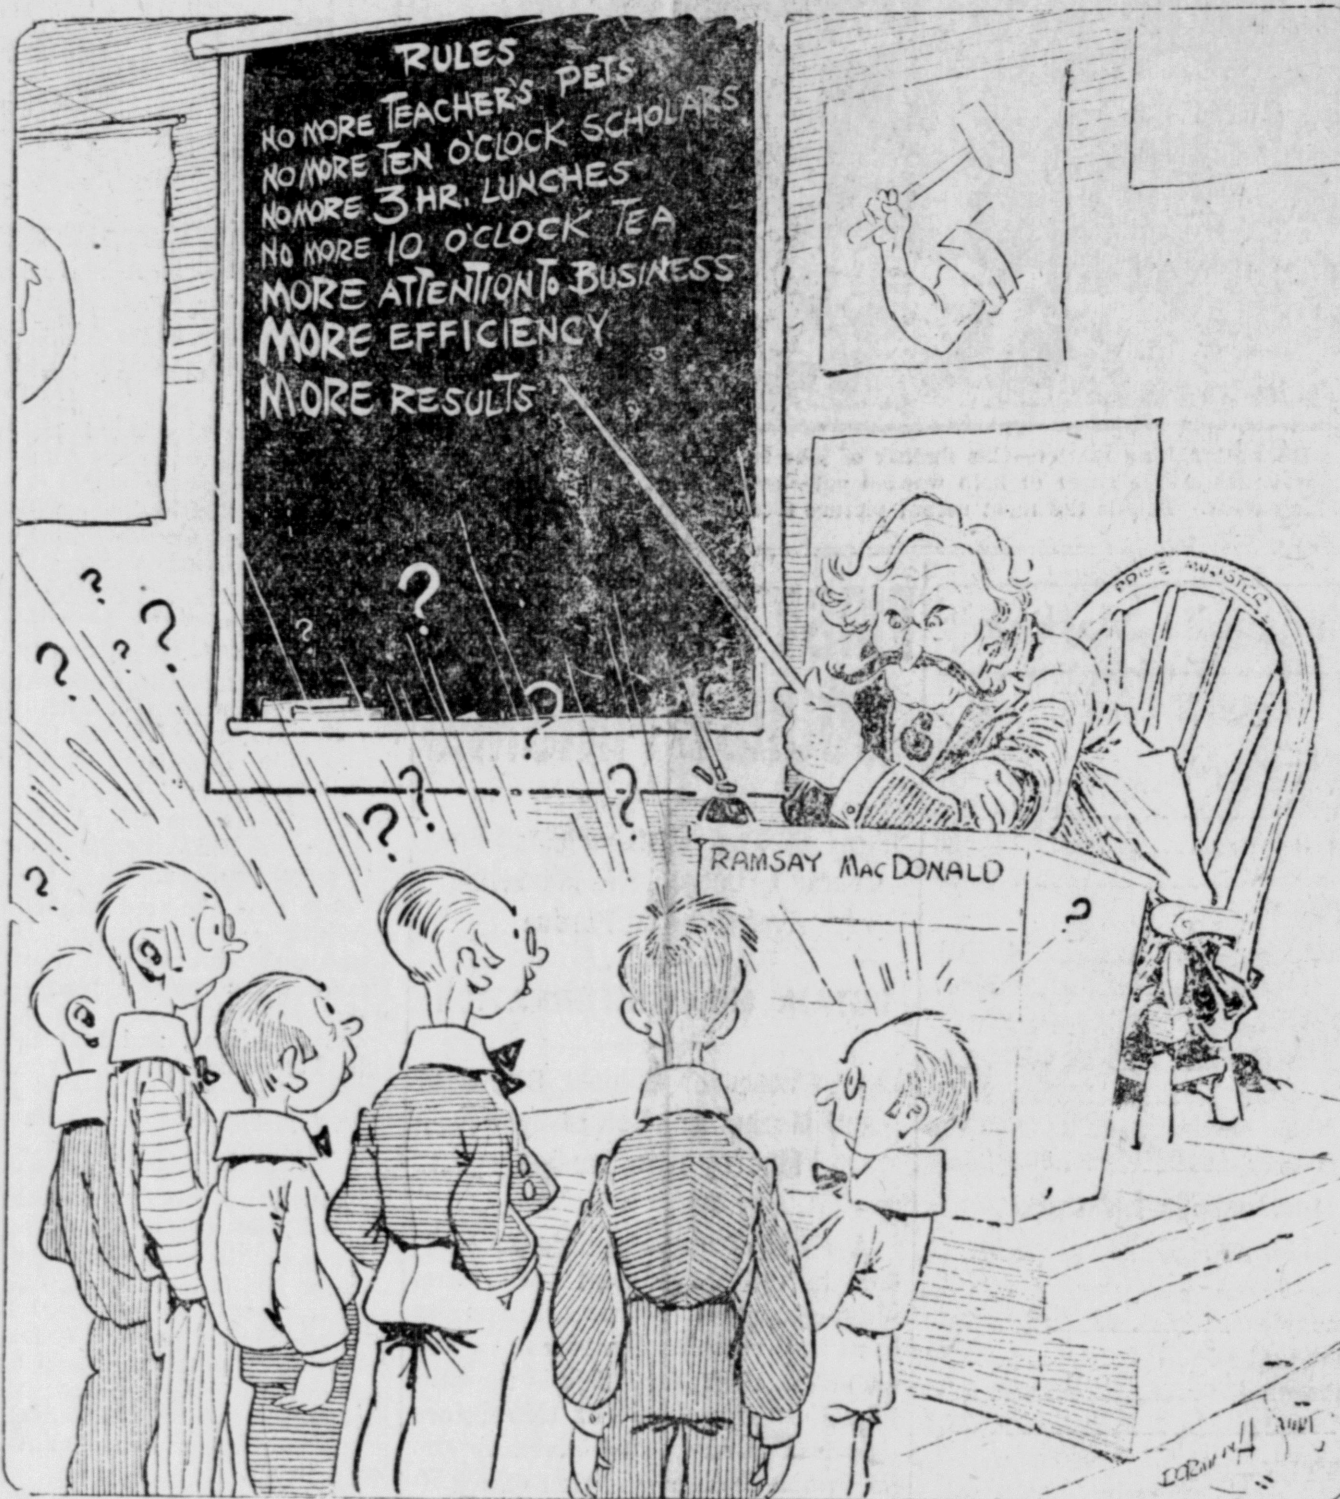

The usual calling of the dockets and issues occupied the attention of the court this morning on the opening day of the new term and following the short business session, court adjourned until Tuesday on account of the funeral of T. M. Green, a member of the Rush County Bar.

In the case of Howell Brothers against Claude W. Stucker, a complaint on account, the plaintiff has filed a motion for a change of venue from Judge Sparks.

Two new cases have been docketed for trial. John P. Frazee and Son are plaintiffs in a suit on a note demanding \$150 from Sant Heaton.

Ray Kenner has filed suit against John T. Cassidy, the complaint being on a note and to set aside a deed to real estate. The demand is for \$150 judgment.

## HE AIMS HIGH

## WILSON FUNERAL WILL BE SIMPLE

Widow Decides That Ceremonies, to be Conducted Wednesday at 3 P. M., Shall be Private

### BODY TO BE PUT IN CRYPT

No Provisions Made For Body of Late War President to Lie in State at The Capitol

Washington, Feb. 4.—Mrs. Wilson decided that the body of her husband should be laid to rest with private and simple ceremonies.

The question of whether military and naval honors will be accorded at the funeral has not been finally decided. President Coolidge in his proclamation last night directed the secretary of war and the secretary of navy to accord such honors.

Grayson made his announcement regarding the funeral arrangements after a talk with Mrs. Wilson. He said that his plan represented the desires of the widow who apparently is shrinking from the idea of any ostentation at the funeral.

Grayson also talked over the telephone with President Coolidge at the White House and is believed to have informed the chief executive of Mrs. Wilson's wishes.

Rear Admiral Cary Grayson, physician and friend of Mr. Wilson announced the funeral arrangements from the front steps of the Wilson home on S. street.

"A brief private service will be held at the Wilson house at three o'clock p. m. Wednesday.

"This service will be followed by a service at 3:30 o'clock at Bethlehem of the Washington cathedral.

"After this the body will be placed in the crypt of the cathedral. The services will be conducted both at the house and the chapel by the Rev. James Taylor, pastor of the Central Presbyterian church of Washington where Mr. Wilson attended when President; the Rev. Sylvester Beach who was Mr. Wilson's pastor when he was president of Princeton University and the bishop of Washington, the Rev. James E. Freeman."

Admiral Grayson said that no provisions had been made for the body of the late president to lie in state at the rotunda of the capitol as Senator Robinson, minority leader of the senate, stated earlier in the day after a call at the Wilson home, probably would be the arrangement.

"Mrs. Wilson desires that the funeral of her husband be private and

### First Bass Catch of Season

Will Manning, one of the first anglers in Rushville every spring, made his first catch of the season Sunday, when he pulled out 5 black bass. One weighed 14 pounds, one was a 13 pounder, and three weighed a pound each. He caught them in the pond, just east of the city. Last year he made his first catch on January 15, but this year the weather was not suitable until yesterday.

## BEGAN PRESENT SCHOOL SYSTEM

William Bundy, Regarded as Originator of Commission Form, Dies at Home in Carthage

### FIRST IN STATE AT CARTHAGE

Served as President of School Board for 33 Years And Was Active in Public Affairs

William Bundy, age eighty-six years, who was regarded as the originator of the present school commission system in Indiana, died at his home in Carthage Saturday night at 10:25 o'clock.

Mr. Bundy was identified with the Carthage school system for thirty-three years, as president of the school board, and through his influence largely it was developed to the point where it was the first one in the state to be granted a commission. The Carthage school corporation was discontinued a few years ago and the Carthage schools became a part of the township system and were placed under the jurisdiction of the township trustee.

Mr. Bundy was president of the school board all of the time that he served as a member. The commission system, which provides for the granting of a commission to a school for taking a course of study reaching from the eighth grade to college without examination, is now in use throughout Indiana.

Mr. Bundy, in co-operation with the late Drury Holt, who was then trustee of Ripley township, figured out the commission system and inaugurated it. Adam J. Johnson of Indianapolis was superintendent of the Carthage schools at that time and the first class was graduated under the system in 1881.

J. W. Bloss, who was then state superintendent of schools, made the address to the graduating class and said it was "the only school of its kind in Indiana and is worthy of a commission."

One of the teachers in the school at that time was Mrs. Margaret Hill McCarter, now of Kansas, who has gained prominence as an author, a political speaker, and chautauquorator.

Mr. Bundy was always very prominent in public affairs in Carthage. He had a blacksmith shop for twenty-three years and during that time also manufactured punns. He was also superintendent of the Carthage Natural Gas company for 27 years. Mr. Bundy was born in Carthage, Mo.

## COMMISSION TO CONDUCT PROBE

State Public Service Body to Hold Hearing on Fortville Traction Wreck Thursday

### FINAL DEATH LIST MAY BE 15

Ten Bodies Identified and Bits of What May be 4 or 5 Bodies Lay in Anderson Morgue

(By United Press)

Indianapolis, Ind., Feb. 4.—John W. McCordle, a chairman of the state public service commission today announced the commission will hold a public hearing on the Fortville traction wreck at the City Hall in Anderson at ten o'clock Thursday morning.

The interstate commerce commission will be asked to join in the probe.

Two more dead were identified at Anderson today. They were: William E. Kinneer, Indianapolis; and Samuel A. Greenwalt of Muncie.

Anderson, Ind., Feb. 4.—Work of identifying the charred bodies of the Fortville wreck victims moved slowly today.

Eight bodies have been identified. Bits of what may have been four or five other bodies lay in the morgue here with practically no means of identification except from jewelry sifted out of the ashes of the burned interurban cars, or through a careful checkup on the list of missing.

It is now believed the number who met death when the two Union Traction trains crashed near Fortville late Saturday afternoon was 12.

It was believed, however, that the bodies of two children had been completely cremated, and the final list of dead may reach 15.

## NEW BUILDING WILL BE FORMALLY OPENED

Program Will be Given at Jackson Township School House Friday Evening

### NEW \$50,000 GRADE SCHOOL

The formal opening of the new Jackson township grade school building will take place next Friday evening, it is announced by Henry Beckner, township trustee, and the general public is invited to be present and inspect the new structure and enjoy a social good time with the school patrons of the township.

The new school building was recently finished to such a stage that it could be occupied and two weeks ago today regular class work was started.

The contract price for the building was \$49,870, which did not include the furniture and the light plant. There is a gymnasium in the basement which may be converted into a live stock pavilion for shows.

There will be a program by the school and music will be provided by Wagoner's orchestra of this city. The names of the speakers were not announced, but it is stated that Birney D. Farthing, county superintendent of schools, will make a short talk.

The citizens of the township will give a pitch-in supper and everyone is invited to participate and enjoy the evening together.

## MEETINGS START AT FIRST BAPTIST

Series of Evangelistic Services, to Continue For Two Weeks, Begin Sunday Night

### SERMONS IN OTHER CHURCHES

The Rev. Gibson Wilson Preaches Second of The Series on "The Apostles Creed"

In preparation for the celebration of the Lord's supper at the morning hour Sunday at the First Baptist church, the pastor, the Rev. R. W. Sage preached on "A Communion Service."

The series of evangelistic meetings which will continue for two weeks, was begun last night. The pastor spoke on "Christ's Challenge to Manhood." Taking as his text Luke 9:62 "But Jesus said unto Him, no man having put his hand to the plow, and looking back, is fit for the kingdom of God," the substance of his message was: "In using the figure of a plowman, Jesus chose an illustration which embodied all the essential characteristics of a Christian life."

"In the first place the plow suggests unity and purpose in life. Someone has well said, 'Christ alone can save the world, but Christ cannot save the world alone.' No life can come to its best until it realizes dependence upon and unity with Christ in its task. The challenge of Jesus Christ is that we shall put our lives along with his in the great work of world redemption."

"In the second place, the plow suggests life under difficulties. But difficulties are the developers of character. We must contend with the soil, take out the roots, rocks and stones. The test is in the fruit of life and not the looks. A life under difficulties always suggests the need for faith. The plowman must plow, not with absolute knowledge of success, but with a firm conviction that his work will be rewarded."

"In conclusion, the Kingdom of God, as the plow, demands a free choice. Christ challenges men to great tasks. It is theirs to choose. He will not force them. Think of his challenge. It is to a life partnership with Him in the task of bringing righteousness, peace and joy into the world. It is the privilege of having a part in the bringing of 'The Kingdoms of this world to become the kingdom of our Lord and his Christ.'"

### "Babel Versus Bethel"

"Babel Versus Bethel" was the subject of the Rev. H. W. Hargrett's discourse he delivered at the morning service of the St. Paul's M. E. church Sunday. He took his text from Genesis 11:4. "Come let us build a tower to reach unto heaven."

## FUNERAL FOR T. M. GREEN HELD TODAY

Services At First United Presbyterian Church, of Which He Was Last Charter Member

### MEMORIAL BY COUNTY BAR

Says Community Suffers Distinct Loss in His Passing—County Offices Close For Funeral

Funeral services for Thomas M. Green, who died at his home here Saturday morning after a prolonged illness, were held this afternoon at two o'clock at the First United Presbyterian church. The funeral oration was delivered by the Rev. E. G. McKibben, pastor of the church, and burial was made in East Hill cemetery.

Mr. Green was the last charter member of the local United Presbyterian church and was one of its most valued members, having taken a leading part in the affairs of the church since its organization.

Offices in the court house closed this afternoon from two until three o'clock for the funeral.

A memorial on the death of Mr. Green, prepared by a committee composed of Donald L. Smith, John A. Titworth and Douglas Morris, was adopted by the Rush County Bar association.

It recites the facts regarding his life, and in connection with his election as clerk of the court, says: "Rush county never had a more efficient officer than Mr. Green."

"For eight years, during the incumbency of four different circuit judges, he entered, in pen and ink, the proceedings of this Court. His early training in the law, his general education, and his painstaking accuracy in all his tasks, were such that except in rare instances, the decrees and judgments of the Court were entered without even the assistance of interested counsel. He was a clear thinker, and could and did record the proceedings of the court in accurate, concise, language in neat and legible penmanship, and the records of this court from 1893 to 1901 constitute a permanent memorial of most distinguished public service to his contemporaries, and even to generations yet unborn for these court records furnish the safe muniments of title to much Rush County real estate."

The memorial refers to the formation of the law partnership with which he was identified and recalls his service in the state legislature, in the session which provided for the erection of the Soldiers and Sailors monument.

Reference is also made to the fact that he was the last survivor of the charter members of the First United Presbyterian church and that he was chairman of the Rush County Council of Defense in the World War, and devoted nearly all of his time in patriotic service by the discharge of the manifold duties of the office.

The memorial mentions the other pieces of public service he performed and concludes with the following: "Mr. Green's life covers nearly all the period of Rush County's development from the pioneer wilderness state to its present proud position. For half a century, and during which our greatest progress was made in road and railroad building, construction of school houses, and churches, and other public institutions, Mr. Green was a most prominent and forward looking actor, and in attaining our present eminent position among the progressive communities of Central Indiana, no Rush County citizens contributed more generously or effectively."

"He was permitted to live a little beyond the limit of three score years and ten, and to see his children established in life, and meriting and receiving the respect and honor of their neighbors. He saw the fruits of the handiwork of himself and other unselfish citizens of Rush County, mature and ripen into almost an ideal condition."

"As lawyer, official, business man and citizen, he did his full part and this bar and this community, both of which he served so faithfully, suffer a distinct loss in his passing."

**FIRST MARKETING COURSE FINISHED**

Class of Twelve Completes First Course in Cooperative Marketing Ever Given at Purdue

**OBTAIN MUCH INFORMATION**

Legal Phases of Subject Discussed and Market Bill Vetted by Gov. McCray Also Studied

A class of twelve graduate students in the Department of Farm Management at Purdue University have just completed a course in Cooperative Marketing. This is the first time that any course of this nature has been given at the University and its primary purpose is that of learning the principles of cooperative marketing through a study of the past and present cooperative organizations.

The recent book on "Cooperative Marketing" by Herman Steen was used as a text during the early part of the course and later many other papers and articles were used for reference. The legal phases of the subject were thoroughly discussed and a study of the market bill which was vetoed by Gov. McCray last spring occupied a part of the time.

The class had the opportunity of hearing several prominent men discuss the subject. Dean Farrell of Kansas State Agricultural College addressed the class at one of its meetings and the entire class attended the Farm Bureau meeting at Indianapolis and heard Aaron Sapire on the evening of December 8.

Dr. W. E. Paulson, formerly of Wisconsin University, has had charge of the class and Prof. O. G. Lloyd head of the Farm Management Department at Purdue, together with Dr. E. C. Young formerly of Cornell University assisted with the work. The students have expressed themselves as having obtained a great deal of information on the subject and feel that the problems, opportunities and limitations of cooperative marketing are much more definite in their minds than before they took the course.

**NOTICE FOR IMPROVEMENT OF HIGHWAY IN RUSHVILLE TOWNSHIP, RUSH COUNTY, INDIANA.**

Notice is hereby given that a petition has been filed in my office for the grading and paving with cement or stone of a certain highway in Rushville township, Rush County, State of Indiana, which petition is signed by James Shannahan et al., and is in the words and figures as follows, to-wit:

State of Indiana, Rush County, ss:  
In the Matter of the Petition of James Shannahan et al.  
For the Improvement of Highway in Rushville Township, Rush County, Indiana.

To the Honorable Board of Commissioners of Rushville Township, Rush County, Indiana.

Come now the undersigned and respectfully show to your Honorable Board that more than fifty of the undersigned are resident freeholders and voters of Rushville Township, Rush County, Indiana, and that said Rushville Township does not contain an incorporated town or city of 30,000 inhabitants, but that said township does contain an incorporated city, Rushville, of between five and six thousand inhabitants and contains no other incorporated town or city.

Your petitioners would further show to your Honorable Board that there is now and has been for many years last past an existing public highway in said township, a portion of which the undersigned desire improved; that a description of said portion which the undersigned desire improved is as follows, to-wit:

Beginning at a point in the southwest quarter of Section thirty-six (36) Township thirteen (13) north, Range nine (9) east, where the road herein described and hereafter known as the James Shannahan et al highway intersects the Rushville and Indianapolis pike (now State highway) No. 39. Thence following the center line of established highway in a northerly direction one thousand forty (1040) feet; thence in a northwesterly direction following along and over said highway 1900 feet; thence in a northerly direction on line between the east half and west half of the southeast quarter of Section 26, Township 14 north, Range 9 east, to the northwest corner of the east one-half of the northeast quarter of said Section 26. Said point being on the line between Rushville and Jackson Townships. The total distance being approximately two and one-fourth miles.

Said petitioners would further show that the above described highway should be graded, drained and paved to the width of sixteen feet and that the same should be improved by grading, draining and paving the same with cement or stone; that the same when so graded, drained and paved will be of public utility.

That the benefit to be derived from said proposed improvement will be greater than the cost thereof.

The entire width of said highway from fence to fence to remain the same as at present.

Your petitioners would further show to your Honorable Board that the said highway proposed to be improved is all in Rushville Township, Rush County, Indiana, and that the same is less than three miles in length, and connects at each end with a free gravel road, also, that a United States Free Rural Route passes over and along said highway.

## FIRST VIEW OF THE PENNSYLVANIA MINE DISASTER

Thus far 36 bodies have been taken from the Lacashire mine at Shanktown, Pa., following an explosion. Four men still are believed entombed. Photo shows bodies being brought to surface in small cars and placed in hearse.

after spending a few days in this city with her parents, Mr. and Mrs. Frank Mullins.

—Miss Helen Bebout and her house guest, Miss Ernestine Wern of Terre Haute, Ind., who spent the week-end in this city as the guests of the former's parents, returned to Indianapolis this morning to Madame Blakers school, where they are students.

—Mr. and Mrs. Lloyd Smith returned to their home in Hamilton, Ohio, Sunday after a visit in this city with her parents, Mr. and Mrs. Ed Wolters in West First Street.

### WILSON FUNERAL WILL BE SIMPLE

Continued from Page One

simple", Grayson said, and there will accordingly be nothing the nature of a state funeral.

The fact that the body is to be placed in the crypt at Washington cathedral indicated, Grayson stated, that no final decision as yet had been reached by Mrs. Wilson as to where the former war president will be permanently interred.

Grayson believes that the crypt will be only a temporary resting place for his former distinguished patient. But he stated he did not know where the final burial will be.

### TO IMPRESS COMMISSION

Body to Emphasize St Paul is Behind  
Power Project on Flatrock River

St. Paul, Ind., Feb. 4—Citizens of this town are planning to charter a special interurban for Indianapolis to visit the public service commission in a body to impress upon the commission that St. Paul is wholeheartedly behind the power project of the Hoosier Hydro-Electric company on Flatrock river above St. Paul.

Surveys have been made and other plans for the construction of the power plant have been made and work, it is understood, will begin this spring.

Although no stock is being sold locally, all capital being provided by Eastern financiers, the community is anxious to see the hydro-electric plant become a reality.

### NO REACTORS FOUND

Warsaw, Ind., Feb. 4—More than 1,000 cattle have been given the tuberculosis test in Kosciusko county in recent weeks and not one reactor was found in any of the herds, according to a report made today by the Kosciusko county Shorthorn association. The inspections were made by Dr. J. B. Current, a federal veterinarian.

### Gas From Food Presses on Heart

If food does not digest it turns into poisons which form gas. This often presses on heart and other organs causing a nervous, restless feeling. Simple backhorne bark, glycerine, etc., as mixed in Adlerika removes food, decaying food matter you never thought was in your system which caused gas and pressure on heart. Adlerika expels poisons and gas from BOTH upper and lower bowel. EXCELLENT to guard against appendicitis. Hargrove & Brown, Druggists—Advertisement.

### INCENDIARY FIRES ARE ON DECREASE

Three Reasons Are Given For This  
Decrease by Newman T. Miller,  
State Fire Marshal

### PLENTIFUL MONEY SUPPLY

Authorities on Alert For Fires And  
Citizens Have Been Warned by  
Posters And Speeches

Indianapolis, Feb. 4—It used to be not infrequent that, when a man wanted money badly, he would first take out insurance on his barn and then carefully drop a match in the hay loft and collect the insurance.

This type of incendiaryism is slowly dying out, according to Newman T. Miller, State fire marshal. Miller gave three reasons for the decrease in fires of incendiary origin, named in the order of their importance:

1. Business conditions. In the last few years, business has been so good that money was generally plentiful.

2. Prosecution. State authorities, aided by assistants in every town and city have been increasingly on the alert for fires savoring of incendiaryism.

3. Education. The citizens of the State have been warned, importuned and enjoined by posters and speeches to help reduce the annual fire loss.

The first item is by far the most important one, Miller said.

"If a business slump hits the country, this office will be the first to notice it by the increase in the fire loss," Miller said. "It is invariable."

"However, regardless of business conditions, the people are getting over the idea of getting cash by burning down their property," he added.

The decrease in incendiary fires will not be noticed by the report of the number of fires investigated by the fire marshal's office, he said.

### MURAT TEMPLE TO HAVE A BIRTHDAY

Indianapolis Mystic Shrine Will  
Observe 40th Anniversary With  
Big Class Planned

### 500 MEMBERS IS GOAL

Charles J. Orbison is the Illustrious  
Potentate, in Charge of Organi-  
zation Work

(Special to the Daily Republican.)

Indianapolis, Ind., Feb. 4—The fortieth anniversary year of Murat Temple, Nobles of the Mystic Shrine is rapidly becoming notable for activities in behalf of the organization and, according to Ed J. Gausephol, chairman of the Fortieth Anniversary Committee, has already developed the fact that Illustrious Potentate Charles J. Orbison is a "darned good sales manager who is piling up enough work to keep seven potentates busy without even raising a bead of perspiration in doing it."

Potentate Orbison's latest bit of boosting work consists of launching a membership contest by creating four "teams" of 540 members each, and these teams are already beginning to "shop to it" in behalf of enlisting a great class of neophytes for the ceremonial of initiation now definitely scheduled for Friday, March 28th.

The potentate has called his teams "The Kids' team," the "Boys' team," the "Men's Team," the "Old Timers" team, and has classified these groups as follows: "Kids" are nobles of the order created less than a year; "Boys" are members of less than three years; "Men" are members of more than three years and less than ten; "Old Timers" are members ranging from ten to forty years.

So there are now 2160 new boosters for Murat temple's roster increase, each with a definite assign-

derful works to the children of men.  
—Psalm 107: 21.

## Being Proficient

The coach of one of the best col-  
lege basketball teams in the United  
States never played a game of bas-  
ketball in his life.

He is the exception, rather than  
the rule. The best athletic coaches  
are generally those who have played  
the game and have experience in it.

That is a rule that almost invari-  
ably holds true in life.

The best ditch digger is the one  
who has been digging ditches all of  
his life—has made it a business and  
knows the quickest and best way to  
do the job.

The best doctor is generally the  
doctor who has studied the most,  
has had the most experience and has  
made the greatest effort to keep pace  
with the advancement of medical  
science.

The same is true of any profes-  
sion, any business, any trade.

To be proficient, we must "know  
our business". We must make a study  
of it and devote all of our energies  
to making the most of what we have.

Look around you and observe the  
men and women in this community  
who are regarded as the best in their  
line.

They are the people who have given  
the best they have to their chosen  
work.

It makes no difference whether  
they are men who labor with their  
hands or men who are skilled in  
some profession; whether they are  
women whose chief aim in life is to  
have good home or women who have  
chosen the business world for their  
activities.

To be recognized as a leader in  
whatever you are doing is honor  
enough for any person, whether it be  
digging a good ditch or skill in one  
of the professions.

Proficiency in whatever you choose  
for a livelihood carries with it a cer-  
tain sense of satisfaction and it  
ought to be recognized more than it is.

## Basketball

Basketball is a great sport and it  
is not difficult to understand why it  
has gripped the interest of the peo-  
ple as it has.

Basketball has all of the elements  
of uncertainty, which is the principal  
reason for its popularity. Like  
the great American game of base  
ball, it is a sport wherein "dark  
horses" are liable to upset strong  
contenders at any time.

Basketball is typically a high  
school sport and one that is not like-  
ly to become tainted by professional-  
ism.

It appeals to the love of good  
sportsmanship inherent in the true  
American boy. It is a game of games  
for red-blooded youth where courage,  
stamina, a strong body and the cor-  
rect mental attitude count.

Basketball upholds the highest  
ideals of American sportsmanship. It  
teaches boys who play never to take  
unfair advantage.

There are what the rules define as  
fouls, but the vast majority of them  
are unintentional. Players must  
their opponents when they have been  
knocked to the floor and are with  
few exceptions solicitous for well-  
fare.

This was never demonstrated more  
than in the county invitational tour-  
nament that was held here Saturday.  
Players showed a splendid attitude  
all through the tournament.

In fact, they set an example that

## RUSHVILLE TEAM IS COUNTY CHAMP

Lions Win Cup at Invitational Tournament by Defeating Carthage in Final, 36 to 25

### DOWN THREE OTHER TEAMS

Milroy and Raleigh Victories by Rushville Are Both Hard Fought Contests

The Rushville high school basketball team was declared county champions Saturday night, when they emerged victors over all opponents in the county tourney, defeating Carthage in the final game 36 to 25.

The Lions, before reaching the final game, had previously downed Center, Milroy and Raleigh. The morning game with Milroy was one of the most exciting games of the tourney, when the locals were behind 16 to 12 in the first half, and in the last half came out of the pinch, and held Milroy to four points, winning 32 to 20.

When the second round of play began Saturday, Carthage turned the trick on Webb 27 to 21. Indication before hand had pointed to a Webb victory, as Carthage was defeated two weeks previously here by 31 to 14, but in the game Saturday afternoon, Carthage played on equal terms at all times, and the first part of the game was a thriller, with Webb holding a one point lead, 12 to 11, at the half. In the last half the teams were first one ahead and then the other, and in the closing minutes Carthage staged some long shots that won the game for them.

In the second afternoon game Rushville tangled with Raleigh. The Sir Walters got one field goal in the first half, and the score at the first period ended 13 to 5 in favor of the locals. In the last half Raleigh showed better form, and the final result was a ten point victory for Rushville, 29 to 19.

Carthage and Rushville entered the final game at night, with neither team showing the effects of the long grind through the tourney, and all through the first half the teams played good ball, with Rushville having a few point lead at all times, and when Carthage would make a goal, it seemed as if Rushville would come back with one, and the visiting team was unable to catch up. The first half ended 17 to 10.

In the last half Carthage started out fast and scored a field goal, but Rushville soon ran the score up to 22 to 12. At one time the score was 24 to 18, the nearest that Carthage threatened, and as the game went on the two teams scored almost point for point, and the final score ended with Rushville at 36 and Carthage at 25.

### The line-up and summary:

Rushville 36 Carthage 25  
Snoddy ..... F ..... Moore  
Hillgoss ..... F ..... Siler  
Walker ..... C ..... Glover  
McNamara ..... G ..... Hahn  
Comella ..... G ..... Renegar  
Substitutions, Carthage, Kennedy; Rushville, Newbold, Lakin, Warth. Field goals, Snoddy 3, Hillgoss 7, Walker 3, McNamara 2, Comella, Siler 4, Glover 3, Hahn. Foul goals, Snoddy, Hillgoss, Walker 2, Kennedy 2, Siler, Glover 4, Renegar 2. Referee Litherland, umpire Shoemanan.

### KIDNEY TROUBLE?

The Kidneys are the Blood Filters—When They Weaken and Stop Up, the System Becomes Overloaded With Uric Acid

Indianapolis, Ind.—“I was troubled for several years with my stomach and had kidney disease. I finally began taking Dr. Pierce's Anuric (kidney and backache) Tablets and after using a few bottles I was wonderfully improved. I have not had an attack for many months and feel that I am completely cured. Many other medicines which I tried did me no good.”—George McQuade, 1099 Park Ave.

Don't wait for serious kidney ailment to set in. Help your weakened kidneys with Dr. Pierce's Anuric. At all drug stores or send 10c to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for trial package.

## HITTIN' 'EM AND MISSIN' 'EM

### The Point Getter For The Tourney

Foster Hillgoss, Rushville forward, was the high point man of the tourney and scored a total of 53 points in the games in which Rushville played. He scored 24 field goals, five fouls and missed four fouls. The Rushville team totalled 166 points in the tourney of which an even 75 were field goals, and 16 fouls. The Rushville team was given 27 chances on fouls and missed 11, which is a better record than usual on fouls.

Next in line for points in the tourney, comes Arthur Snoddy, a running mate at forward with Hillgoss. He scored 35 points, sixteen field goals, and three fouls, missing two chances.

The rest of the high point men of the tourney who scored 10 or more points for their team, are as follows: Glover, center for Carthage, scored 24 points, 13 field goals and 8 fouls. This player had the most chances to score on fouls, and of his 20 chances missed 12.

M. Craig, center for Raleigh and Osborne, forward for Webb, were tied with 29 points. Craig tossed in 11 field goals, 7 fouls and missed 9 fouls. Osborne earned 13 field goals, 3 fouls and missed 2 chances.

Siler, forward for Carthage, made 24 points, scoring 11 field goals and 2 out of 7 chances on fouls.

McNamara, Rushville floor guard, counted 23 points. He got 10 baskets and scored 3 out of 6 fouls.

Green, center for Milroy, made 20 points for his team, scoring 8 field goals, and 4 fouls, not missing a chance.

Walker, center for Rushville and Readmond, floor guard for Milroy, each added 18 points for their teams. Walker made 8 baskets and scored twice on his two chances on fouls. Readmond scored 9 baskets and never had a chance on a foul.

K. Wilson, center for New Salem scored 17 points. He made 8 field goals, and one foul out of 4 chances.

Fair, forward for Webb, and Newbold, forward for Rushville, each made 16 points. Fair had 8 baskets and missed all six chances on fouls. Newbold had 8 baskets, and no chances on a foul.

The following players each made fourteen points: Davison, center for Webb, scored 6 baskets and made his two chances on fouls. Gibson, guard

played as a curtain raiser to the final game at night Saturday, with the Milroy and Rushville girls playing the first game, and in which Milroy came out with an easy victory, 20 to 11. The other game was played by the Rush county coaches and a picked team of the stars of the defeated teams, and the youngsters had no trouble in downing the menors, 30 to 6, in a twenty minute game.

In the girls game, the score by quarters was as follows:

Milroy ..... 4-4 10-2-20  
R'ville ..... 4-2 1-4-11

The summary of other, tourney games not published Saturday, are as follows:

Rushville 29 Raleigh 19  
Snoddy ..... F ..... Clifton  
Hillgoss ..... F ..... G. Craig  
Walker ..... C ..... M. Craig  
McNamara ..... G ..... Newkirk  
Comella ..... G ..... Rider  
Substitutions, Raleigh, Arnold, Rushville, Newbold, Lakin, Warth. Field goals, Snoddy 2, Hillgoss 5, Walker 3, McNamara 2, Comella, Clifton, G. Craig, M. Craig 2; Newkirk 2. Foul goals Snoddy 2, Comella Clifton, G. Craig, M. Craig 4, Rider

Carthage 27 Webb 21  
Kennedy ..... F ..... Osborne  
Siler ..... F ..... Fair  
Glover ..... C ..... Davison  
Hahn ..... G ..... Gibson  
Renegar ..... G ..... Wagner  
Substitutions, Elliott for Davison. Field goals, Kennedy 4, Siler 5, Glover 4, Osborne 4, Fair, Davison 2, Gibson 3. Foul goals Siler, Osborne.

Rushville 32 Milroy 20  
Snoddy ..... F ..... Seright  
Hillgoss ..... F ..... Kinnett  
Walker ..... C ..... Green  
McNamara ..... G ..... Readmond  
Comella ..... G ..... McCorkle  
Substitutions, Milroy, Siler for Seright. Field goals, Snoddy 4, Hillgoss 5, Walker 2, McNamara 2, Seright 2, Kinnett, Green, 33 Readmond 2. Foul goals, Hillgoss 4, McNamara 2, Comella 2, Seright 2, Green 2.

for Webb, made 7 goals and did not have a chance on fouls. Clifton, forward for Raleigh, scored 5 goals, and made 4 out of 7 chances on fouls. Kennedy, forward for Carthage made six baskets, and his two chances on fouls. Lakin, Center for Rushville, made 7 baskets, and no chances on fouls.

G. Craig, forward for Raleigh, made 12 points, scoring 5 times from the field, and made 2 out of 5 fouls.

H. Wills of New Salem also had 12 points scoring 5 field goals, and making good 2 out of 3 fouls.

Seright, Milroy forward and his running mate, Kinnett each counted 10 points. Seright made 4 baskets, and two out of 6 fouls. Kinnett scored 4 baskets, and his two chances on fouls.

Comella, Rushville back guard, scored 7 points during the tourney, making 2 field goals and 3 out of 4 fouls. Rider, back guard for Raleigh scored 5 points making 2 field goals and a foul.

### BEST ON RECORD

The entire tournament was one of the best on record, with more close games than usual. There are six or seven teams that will give any team a real game in the sectional next month and all of the losing teams will make a big effort to overcome their difficulties before the big tourney rolls around.

Moscow and Manilla were the two biggest disappointments in the tourney, and especially the Moscow team. The latter is handicapped by the small playing floor and they were unable to check the speed of Milroy on the floor here.

The biggest surprise team, and the one that deserves the dark horse title is New Salem. The scare they gave Raleigh no doubt made the Sir Walters uncomfortable, but the Salem tossers couldn't stand the clip in the last five minutes of play.

Center, Gings and Glenwood were the tough luck teams of the tourney. They all drew opponents too strong for them, but when it comes to fighting, none of those losing teams ever gave up.

Most of the teams here Saturday will take part in another tourney this Saturday up at Carthage. Webb wants another crack at the Blue Birds.

### Record

Harry Lewis (above) of New York City, broke the record for 100-yard swim by traveling that distance in one from previous record. Occasional 2-5 seconds, clipping 2-5 of a section was national interscholastic swimming races in Philadelphia.

Fort Wayne—Cooking utensils valued at \$100 and \$250 in cash disappeared along with Edward Wilson, night cook at a restaurant here, according to police.

## LOCAL WINNER IN EASY DRAW

Victor in Coming Basketball Sectional Will Not Meet Strong Teams at Earlham

### HOW OTHERS WILL STACK UP

Shelbyville and Muncie Will meet in The Regional if They Win Their Own Sectionals

The winner of the Rushville high school basketball sectional will have an easy drawing of teams in the regional at Earlham, according to the drawing made today, and the local winner will not have to face one of the strong teams mentioned as a state title contender.

The sectional tourney here will be held February 29 and March 1, and according to an advance announcement, the teams from Fayette and Rush counties will be here for the games. The local winner, which will be one of the 52 sectionals, will go to Richmond, where the regional will be held, and of the 13 teams entering four will get to go to the state finals at Indianapolis, from each of the four regionals.

The winner of the Rushville tourney makes their appearance at Richmond at ten o'clock March 8, meeting the winner at Aurora. Then the next game will be between the winners of this game and the winner of the Pittsboro and Hanover game, playing at 8:30 on the same night.

On the other hand, Anderson drew a similar schedule and will not have much opposition in their two games at the regional, but Shelbyville will in their second game meet Muncie, if these two teams survive to the regionals.

Although the schedule for the state finals was made out, there is an error in listing the game 9 at Earlham, in which the local winner has a chance to survive, and it is not known just what team they will meet first in Indianapolis, excepting one of the four sectional winners—Shelbyville, Muncie, Kokomo or Crawfordsville.

The drawing for the Earlham regional, is as follows:

March 7—(One) 7:30 p. m. winner at Anderson vs winner at Winchester (Two) 8:30 p. m., winner at Noblesville vs winner at Shelbyville  
March 8—(Three), 9 a. m. winner at Newcastle vs winner at Muncie.  
(Four) 10 a. m. winner at Aurora vs winner at Rushville  
(Five) 11 a. m. winner at Pittsboro vs winner at Hanover.  
(Six) 2 p. m. winner at Indianapolis vs winner at Richmond.

### Why He Cut Out Rough Stuff

HENRY L. FARRELL  
(United Press Sports Editor)

New York, Feb. 4—Babe Ruth, getting ready for another big season, has been chopping wood, tilling the soil and minding the chickens, since he deposited his world's series money and his end of a few exhibition games.

From all evidence the reform that the Babe announced this time last year "took". For personages of the prominence, the means and the disposition of the Babe, reforms seldom "take".

Ruth caught himself, however, before he had dissipated to the danger line, and as long as he grants permanence to his resolutions to attend strictly to the business of playing baseball, he will have many more seasons as the greatest of the ball players.

Ever since Ruth was made to see the error of his ways, fans and professors have been curious to know who are and what was responsible for his reformation.

Frank Baker, the former home-run king, according to a story that was told recently, was really the one who got the Babe back on his feet. Baker was a star before the day of the big money, but he was sober in his habits and saving in his ways, and he is now financially fortified for the future.

Baker lectured the Babe constantly on the wisdom of saving his money, but the Babe had plenty and he

## TO HAVE FORMIDABLE TRACK SCHEDULES

Last Year Wabash College Lost The State Meet by One And Two-Thirds Points to Notre Dame

### INVITED TO TWO RELAYS

Crawfordsville, Ind., Feb. 1—One of the most formidable track schedules in years has been arranged by Coach Wash Higgins for the Wabash team. Outstanding are the participation in the Illinois and Drake relays in which the Little Giants hold records. Last year Wabash lost the state meet by one and two thirds points to Notre Dame. The schedule for 1924 follows:

March 1—Illinois Indoor Relays.  
April 19—DePauw at Crawfordsville.

April 25-26—Drake Relays  
May 3—Western State Normal at Kalamazoo, Mich.

May 10—Indiana at Bloomington.  
May 17—"Little State" meet at DePauw.

May 24—State meet at Lafayette.  
June 24—National Interscholastic meet at Chicago.

Wabash has been invited to participate in the Penn relays and in the Kansas relays. Butler and Ohio Wesleyan are also bidding for meets but they have not been accepted.

### All Over Indiana

Clinton—Decided improvement is noticed in the output of coal mines here, company officials report. The average for the past few days has been about 25 cars, compared with the low point of 140 cars recently.

Moreland—An addition to the high school here, costing \$35,000, is planned. The present building is crowded, and, it is said, the school is threatened with loss of its commission unless the condition is remedied.

Kokomo—Mr. and Mrs. J. W. DeWeese recently celebrated their sixtieth wedding anniversary.

Anderson—The local Chamber of Commerce is distributing free 5,000 auto plates bearing the word "Anderson."

(Seven) 3 p. m. winner of 7:30 p. m. game vs winner at Greenfield.  
(Eight) 7:30 p. m. winner of 8:30 p. m. game vs winner of 9 a. m. game  
(Nine) 8:30 p. m. winner of 10 a. m. game vs winner of 11 a. m. game  
Winners of 6, 7, 8 and 9 o'clock games play in the final tourney at Indianapolis.

## IT HAS LASTED

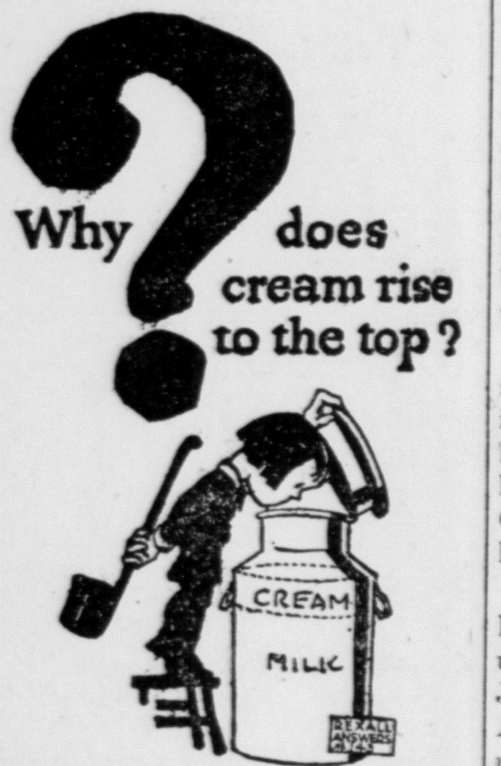

Rushville People Must Believe Such Convincing Testimony as Mrs. Wylie's

No one in Rushville who suffers backache, headaches, dizziness, rheumatic pains or distressing urinary ills can afford to ignore this twice-told story of a Rushville resident. It is confirmed testimony, telling of lasting benefit from Doan's Pills—a stimulant diuretic to the kidneys. It's evidence that no man or woman in Rushville can doubt.

Mrs. W. A. Wylie, 824 N. Arthur Street, gave the following statement September 20, 1915: "My trouble began with clenching digging pain directly across my kidneys and over my hips. I was unable to do my housework for a week and was in all kinds of misery. I began using Doan's Pills and the pain soon disappeared."

On November 4, 1920, Mrs. Wylie said: "I haven't needed Doan's lately, as my cure has lasted."

Mrs. Mary Walton of East Sixth street entertained several guests Sunday, among whom were her son Birt Walton and wife of Indianapolis Mrs. Robert Powell and three daughters of near this city, and Mr. and Mrs. Oliver Walton and daughter Florene of this city.

## MEETINGS START AT FIRST BAPTIST

Continued from Page One  
whose top shall reach unto heaven", and Genesis 28:12, "And Behold a ladder set upon the earth and the top of it reached to heaven."

The first text deals with Babel, the second with Bethel. Both come to us from the gray light of most ancient time. The first precedes the beginning of authentic history, the second follows it. Both incidents bear the marks of those primitive times. If they did not, we might be compelled to assign them to a latter age. Their supreme value lies not in their history but in the great spiritual lessons which they teach. They are two attempts to solve the world problem of linking earth with heaven, the seen with the unseen, the temporal with the eternal man with God. Place one against the other. In the first you have a tower whose top was to reach to heaven. In the second you have a ladder whose top did reach to heaven. The first was a failure, the second a success. That which was true then is true today and will be true in all the years to come.

Babel at first seems a strange puzzling story. It closes the first part of the book of Genesis. In the next chapter the writer begins to follow the fortunes of the sons of them through whom all the nations of the earth were to be blessed. By these Babel memories, he would warn them against the mistake of a pride that, inflated with its own achievement, vainly imagines that it can solve all problems and even link earth and heaven without divine aid. History bears witness to the fact that these Babel builders always end in confusion. O, the folly of those who would build an enduring civilization apart from God! Where is the gain of perfecting our machinery if we do not also perfect the man who controls it. It may only mean sinning by electric light instead of by candle light and killing men by the millions by poison gas where once we killed them by the dozens with clubs.

It is only the downcoming of the spiritual that can give us the upcoming of the human. Jacob at Bethel in his dream saw the ladder of divine love that ever links earth and heaven. Christ used that vision in revealing himself to Nathanael.

In the evening a large audience listened to a fine musical program under the direction of Miss Helen Jaehne. Owing to the illness of Mrs. A. P. Wagoner, the orchestra was unable to take part.

**Jesus is God Incarnate**  
The Rev. Gibson Wilson, pastor of the First Presbyterian church preached his second sermon in the

## For Swollen Joints

Most remedies fail but Joint-Ease succeeds.

It's for joint troubles only, whether in ankle, knee, hip, elbow, shoulder, finger or spine—whether rheumatic or not.

It limbers up stiff, inflamed, painful, creaky joints so quickly you'll be astonished.

Two seconds' rubbing and away it goes through skin and flesh right down to the bone and ligaments—that's why it succeeds. Ask all druggists or any reliable druggist.

## WILL SHE HANG?

Will Mrs. Ida Hughes (above) be the third woman to be hanged in Georgia history? She was convicted of the murder of her aged mother-in-law, Mrs. M. C. Hughes and sentenced to be hanged on March 14. Her husband, indicted as an accessory, will face trial on a murder charge within a few weeks.

series on "The Apostles' Creed," Sunday morning.

He believes that Jesus is the son of the Virgin Mary, that he was miraculously presented to the world, that he is God Incarnate.

"And in Jesus Christ His only Son our Lord; who was conceived by the Holy Ghost; born of the Virgin Mary."

The angel's announcement to Mary was that she should not be afraid, for she had found favor with God. This favor is manifested by her being presented with a child of the Holy Ghost, and she is to call him Jesus.

That is his "baptismal name." On the eighth day his parents presented him in the sanctuary to be circumcised and there he was entered as a member of the Jewish Church and placed in the covenant relation with God.

Jesus is the Greek form of Joshua, an abbreviation of Jehoshua meaning "God my Savior". He was familiarly known by his name throughout his life.

Three Messianic titles are important here: "Son of Man", "Son of God", and "Christ". On one occasion he stood before his fellow countrymen and read the sixty-first chapter of Isaiah. "And he began to say, to-day hath this Scripture been fulfilled in your ears." Thus he identifies himself with this Scripture and himself claims to be the Christ.

The title "The Son of Man" is used forty-six times with regard to Him. In all these his human nature is emphasized. He claims to be the one who is to be lifted up for the salvation of the world.

The title "The Son of God" reveals him as God's only begotten Son. That is, God is Jesus in all his being.

In the third title, Christ, that is "The Anointed One", we see both his human and divine nature knit together. He had no hesitancy to claim the title. On one occasion when asked "Art thou the Christ?" He answered "I told you and ye believed not: the works that I do in my Father's name, these bear witness of me". It was His claim to Messiahship that brought His crucifixion.

While human He was also divine. At the baptism of Jesus and on the Mount of Transfiguration a voice from heaven said "This is my beloved Son in whom I am well pleased. Peter thus recognized him: "Thou art the Christ, the Son of the living God."

The Creed further proclaims Him as "Our Lord." This word is full of meaning.

First, He is our Priest. He is the Mediator between God and man. Being without sin, He has the right to appear before the holy God.

Second, He is our Prophet. He is our teacher. He teaches with the authority of God.

Third, He is our King. As our Sovereign ruler He has the right to command. His further duty is to protect His subjects.

The Apostles' Creed declares for the virgin birth of Jesus. "Who was conceived by the Holy Ghost, Born of the Virgin Mary."

Why should this statement be

## TRANSFERS IN REAL ESTATE

Real estate sales in Rush county, that have been recorded during the past three years, have amounted to \$35,614, which reveals that there is still little activity in the real estate business. The only sale of any size was \$11,840, which amount was paid for a farm of 80 acres in Center township. The transfers follow:

Orville Stewart et al to Tosso L. Behr and Bertha L. Behr, 20 acres in Center township \$3520.

Orville Stewart, et al, to Clifford P. Brown and Inez Brown, 80 acres in Center township \$11,840.

Scott Ward and Bertha Ward to Rufus P. Havens and Loretta Havens, 70 acres in Noble township, \$1 and exchange of real estate.

Odie C. Hinton to James G. Alsman and Lydia P. Alsman, a part of lot one in the original plat of Burlington (now Arlington) \$250.

Laura A. Alexander to Robert W. Borem and Goldie E. Borem, lot 265 in Payne et al, Trustees' addition to Rushville \$1 etc.

Charles O. Kirkham, et ux to William Ray Barton, lot 1 and part of lot 7 in William A. Cullen's addition to Rushville \$1 etc.

Esther J. Richey and Melvin Richey to Frank Rardin and Minnie Rardin.

New frocks with fullness below the knee are shown in smart shops. The fullness may be just in front or may be a flounce that circles the whole dress as this one sketched. A wide band of embroidery is the fashionable trimming.

NEED MORE TRUCKS  
ON HIGHWAY WORK

State Commission Makes Appeal To  
Take Over 300 Trucks, Now Idle  
At Ft. Harrison

MORE ROADS IN SYSTEM

Indianapolis, Feb. 4—Efforts to obtain a large number of war department trucks, 300 of which are said to be stored at Fort Benjamin Harrison, for use by the State highway commission, are being made by John D. Williams, director, in Washington, D. C.

The commission has a fleet of about 800 trucks already in service, but with the addition of 400 miles of roads to the system in 1924, many more will be needed.

Williams was accompanied to Washington by Charles Zeigler, chairman of the commission. While there he will also present appeals for an increase of Federal aid to the State system, it is understood.

Approximately \$3,000,000 is asked for Indiana in a general program of State directors who have petitioned the Congress for a \$100,000,000 annual appropriation for the period of July 1, 1925 to June 30, 1926.

The government has thousands of idle army trucks and tractors stored in warehouses. Such equipment is rapidly becoming obsolete for war purposes and is depreciating in value, according to State officials.

Truck manufacturers, however, have opposed the release of war material for State use, according to officials of the commission.

Warsaw—Three Kosciuszko county schools have been closed on account of a serious wave of scarlet fever.

### CHICAGO STATION TO BE FINISHED IN 1925

Estimate on Opening of New Union Passenger Station Made After Survey of Remaining Work

TOTAL COST \$90,000,000

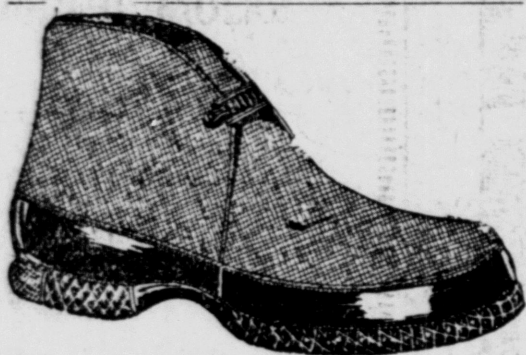

Chicago, Feb. 4.—The new union passenger station of Chicago will be opened early in 1925. This estimate is made after a survey of the work that remains to be done.

Ground was broken nearly nine years ago. Total cost of the station probably will exceed \$90,000,000. The project includes acres of train sheds, miles of tracks and a monumental building which will contain a small city in itself.

Striking features of the gigantic new station include a modern jail for the detention of prisoners awaiting transportation. Travelers religiously inclined will find a chapel that will always be open to worshippers. The station will also have a morgue.

Some idea of the structures' vastness may be gained from the fact that the lobby of the concourse with the subway under Canal street will

Mr. and Mrs. Lindley Taylor, Miss Dorothy Taylor and Marvel Edwards were dinner guests of Mr. and Mrs. Orlando Zimmerman Sunday.

Miss Nina Moore spent the week-end as the guest of Miss Mary Cook

at Greenfield and attended the Hancock county tourney.

Mrs. John DeShopper left Thursday for Hartford City where she will spend a few days visit with her sister.

F. F. Brennan spent Tuesday in Indianapolis.

Mr. and Mrs. Paul William moved into part of the Oscar Alexander property on Market and First street Thursday.

Robert Moore is ill with the measles.

Miss Marcella Lineback and Miss Edith Church of DePauw University spent the week-end with the former's parents, Mr. and Mrs. J. A. Lineback.

Mrs. Herman Jones and children of Newcastle have been visiting Mr. and Mrs. A. J. Carr and Mr. and Mrs. Michael Kiser.

Henry McCullough is visiting his mother in Canton, Ohio.

The members of the Thimble Club and their husbands will meet Tuesday evening at the home of Mr. and Mrs. L. L. Newsom.

Edgar Hill left Wednesday for Seattle, Washington. He visited friends in Carthage Tuesday evening.

Charles Hill returned Monday from Oklahoma City, Oklahoma, where he has been visiting his brother, William Hill and family.

### Health Possible to Stomach and Kidney Sufferers

CHIROPRACTIC HEALTH TALK — No. 51

By H. V. McCully, D. C., Ph. C.

The Stomach is sometimes referred to as the fire box of the body as it is here that food is first prepared so that it may later be changed into living cells. If this work is not done properly there is an excess of work thrown on the Kidneys. The Kidneys are the workmen, who, when healthy, keep the body free from poisons and toxins, which are destructive to health.

If the nerves which convey the Life Force from the Brain down through the spinal column to the Stomach or Kidneys are pressed on at the point where they leave the spine—then the life current to these organs as well as their normal action is cut down in exact ratio to the pressure involved. If these nerves were severed you know these organs would be functionless and dead.

Some of the ill effects from the above conditions are:—gas in stomach and bowels, headache in and back of eyes with blurred vision—ache in top of head or base of skull—dizziness, tired feeling, rheumatic pains, palpitation of heart, feeling of weight in back of neck and skin eruptions.

It is in these conditions that Chiropractic is especially efficacious. Under the method of Health Restoration used in this office, the cause of such weakness is removed.

### Comfort and Health Again

MRS. W. G. HOUGHTON, of Davenport, Iowa, under date April 1, 1922, says:

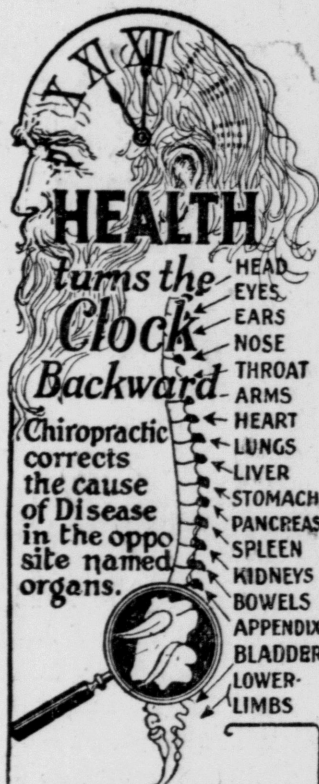

I am glad to be able to say how Chiropractic has helped me. For the past four years I have been a great sufferer with my stomach; my limbs were so swollen and I was also miserable with a kidney affliction, and with much nervousness from my continual insomnia.

It must have been my lucky day when I commenced taking Chiropractic adjustments. It has been some time since I began and I am now free from the distress of the stomach and kidneys. The swelling in my limbs has disappeared, and each night I have my natural sleep and wake up in the morning with my nervousness so much overcome that I can not help but feel grateful to Chiropractic. For Chiropractic adjustments, which have given me the greatest comfort on earth—HEALTH—I am very grateful.

YOUR APPOINTMENT for health can be made by telephoning 1106.

**Drs. McCully & McCully**

HOURS — 10 to 12; 2 to 5; 7 to 8  
Farmers Trust Co. Bldg. Rushville, Ind.  
PHONE — House 1979; Office 1106

The lower nerve under the magnifying glass is pinched by a misaligned joint. Pinched nerves cannot transmit healthful impulses. Chiropractic adjusting removes the pressure. The upper nerve is free as nature intends.

### Phone 1420 Allen's 325-329 Main Street

The best cook in the world cannot serve a tempting meal when the food stuffs she uses are not up to the standard in purity and nutriment. Any cook can serve a meal fit for the gods if she is supplied with the right kind of foodstuffs.

We sell groceries that "hit the spot" when properly cooked, and we keep the price down.

There are still a lot of real bargains on our 9c clean-up table; look it over, you may find a number of articles that you are especially fond of. Have you ever noticed the difference in the quality of crackers? We sell Premium sodas, Flake butters and Elgin butters, three of the best brands baked and always fresh, per pound, 15c

### JAIL DELIVERY IS HINTED

Mysterious Call Regarding Alleged Crimes Received by Authorities Throughout Night

The grand jury will be convened Wednesday, it was stated today, and the investigators will have laid before them the facts gathered by the Pinkerton detective agency against Cecil Cloud, 29, who is held in jail as a suspect in the murder of Luther C. Sharp, December 8, when he was held up by a bandit, and died ten days later from a gunshot wound.

Cloud, in the meantime, is held confined in a solitary cell in the middle of the jail, and is not given the freedom of the corridors, as most prisoners.

It was intimated that last night there was a scheme on foot by outsiders to barnstorm the jail and give Cloud his freedom, but this report was not verified by any officer, and was kept a secret, if it was a fact.

Police officers around midnight received call after call to various parts of the city, all of which proved false reports and Sheriff Hunt was called out of bed several times, when certain crimes were described as taking place, but the sheriff never budged and remained on guard at the jail.

One of the calls was sent into the police headquarters about 12:30 that there were four robbers planning an attack on George W. Young, an attorney who lives at 414 North Main street. His son, J. V. Young was first warned about the alleged attack, and he with others and Patrolman Havens made quick investigation but no robbers were found.

Reports were current today that the outside friends of Cloud were making an attempt to get the officers away from the business district, and then make a jail delivery, but if such a plan was on foot, Sheriff Hunt was aware of it, and told all eavesdroppers, and he remained on duty at the jail.

It was reported that the telephone wires were later cut at the jail, but this report was denied today.

It was also intimated today that if there is any movement today of a jail delivery that the prisoner will be removed to some other jail for safe keeping.

## MRS. BRIDGET MULLINS IS DEAD OF PARALYSIS

Wife of Edward Mullins Expires This Morning, Having Suffered Second Stroke Week Ago

### SURVIVED BY EIGHT CHILDREN

Mrs. Bridget Mullins, wife of Edward Mullins, died in her seventieth year, of paralysis, at her home, 323 North Perkins street, this morning at 5:15 o'clock.

Mrs. Mullins suffered a stroke of paralysis March of last year and had been in feeble health since the time, though able to be up and about her home until one week ago Sunday, when she suffered a second stroke, which brought about her death.

Mrs. Mullins was born March 5, 1854 in County Mayo, Ireland, and her maiden name was Bridget McKee. She came to America in 1870 and settled in Rushville, spending the remainder of her life in Rush county. Her marriage to Mr. Mullins took place after she came to this city.

Besides the husband, she is survived by eight children as follows: Mrs. Will McCoy, Mrs. Dan Long, Mrs. Buford Winslow, Mrs. Richard Byrne, James, Michael, Edward and Leo Mullins, all of this city, and eighteen grandchildren.

The funeral services will be held Wednesday morning at nine o'clock at St. Mary's Catholic church and burial will be made in Calvary cemetery.

The Knights of Columbus will meet at the lodge rooms at 7:30 Tuesday night and proceed in a body to the late residence, for prayer.

## NEW BY-LAWS ADOPTED AT MONTHLY MEETING

Some Changes Made in Original Draft of Horse Thief Detective Association Articles

### LIMIT PUT ON ASSESSMENTS

By-laws and new articles of incorporation were adopted, with some changes, at the regular monthly meeting of the Rush County Horse Thief Detectives association, which was held in the commissioners room of the court house Saturday night.

One section of the new by-laws, as originally drawn up, provided that the association could employ special investigators to investigate alleged law violations, and that the cost should be borne by assessments levied on the members. Some members of the association protested this provision because it fixed no limit for the assessment, which resulted in the proposed assessments being limited to \$1 per member per year.

Another change in the old by-laws provided for in the new set, makes it possible to change the meeting place of the association twice a year—in May and November. It was not explained why this change was made as the association has been meeting regularly in the court house. The new by-laws provide the treasurer shall give bond, the association to fix the sum.

Will H. McMillin is still the president of the association and Frank E. Sample has been continued as secretary the annual election having taken place in January.

## HASTY BROTHERS GIVEN SENTENCE

Walter, 29, Must Serve Term of 2 to 14 Years in Reformatory For Conspiracy to Steal

### FRED, 26, GIVEN A CHANCE

Similar Sentence is Suspended Pending Good Behavior—Father is in Michigan City

Walter and Fred Hasty, charged in a joint indictment in court with conspiracy and larceny, appeared this morning when court opened for the February term, and each defendant pleaded guilty to the charge, and received sentences.

Walter Hasty, gave his age as 29, and was fined \$25 and costs, and sentenced to the reformatory at Pendleton for a 2 to 14 year term.

Fred Hasty, his brother, said he was 26 years old and received a similar fine and sentence, which was suspended by the court during his good behavior. The two brothers were implicated with their father, John Hasty, who was tried in December, and found guilty, and is now serving a term at Michigan City.

The three members of the family, and a relative by the name of Johnson, were charged with entering into a conspiracy to steal chickens, and that their conspiracy was carried out, and that chickens were stolen from farmers of northern Rush county.

In the case of the state against Bert Hankins and Otis Ryan, charged with attempted criminal assault, each has withdrawn pleas of not guilty, and a separate motion to quash the charge has been preferred, but no action taken on the motions to quash.

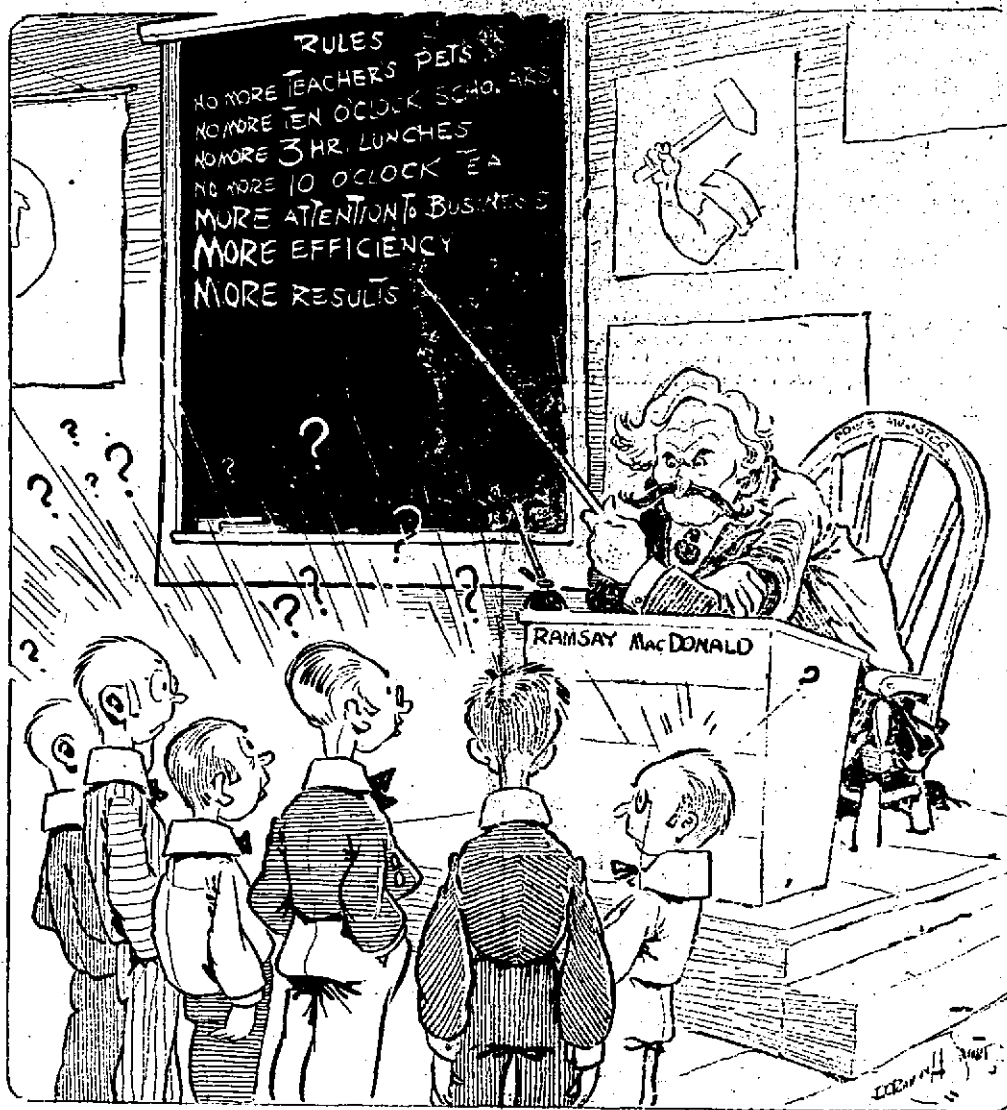

The usual calling of the dockets and issues occupied the attention of the court this morning on the opening day of the new term and following the short business session, court adjourned until Tuesday on account of the funeral of T. M. Green, a member of the Rush County Bar.

In the case of Howell Brothers against Claude W. Sturker, a complaint on account, the plaintiff has filed a motion for a change of venue from Judge Sparks.

Two new cases have been docketed for trial. John P. Frazee and Son are plaintiffs in a suit on a note demanding \$150 from Sant Heaton.

Ray Keener has filed suit against John T. Cassidy, the complaint being on a note and to set aside a deed to real estate. The demand is for \$150 judgment.

## HE AIMS HIGH

## WILSON FUNERAL WILL BE SIMPLE

Widow Decides That Ceremonies to be Conducted Wednesday at 3 P. M., Shall be Private

### BODY TO BE PUT IN CRYPT

No Provisions Made For Body of Late War President to Lie in State at The Capitol

Washington, Feb. 4—Mrs. Wilson decided that the body of her husband should be laid to rest with private and simple ceremonies.

The question of whether military and naval honors will be accorded at the funeral has not been finally decided. President Coolidge in his proclamation last night directed the secretary of war and the secretary of navy to accord such honors.

Grayson made his announcement regarding the funeral arrangements after a talk with Mrs. Wilson. He said that his plan represented the desires of the widow who apparently is shrinking from the idea of any ostentation at the funeral.

Grayson also talked over the telephone with President Coolidge at the White House and is believed to have informed the chief executive of Mrs. Wilson's wishes.

Rear Admiral Cary Grayson, physician and friend of Mr. Wilson announced the funeral arrangements from the front steps of the Wilson home on S. street.

"A brief private service will be held at the Wilson house at three o'clock p. m. Wednesday.

This service will be followed by a service at 3:30 o'clock at Bethlehem of the Washington cathedral.

"After this the body will be placed in the crypt of the cathedral. The services will be conducted both at the house and the chapel by the Rev. James Taylor, pastor of the Central Presbyterian church of Washington, where Mr. Wilson attended when President; the Rev. Sylvester Beach who was Mr. Wilson's pastor when he was president of Princeton University and the bishop of Washington, the Rev. James E. Freeman."

Admiral Grayson said that no provisions had been made for the body of the late president to lie in state at the rotunda of the capitol as Senator Robinson, minority leader of the senate, stated earlier in the day after a call at the Wilson home, probably would be the arrangement.

"Mrs. Wilson desires that the funeral of her husband be private and

### First Bass Catch of Season

Will Manning, one of the first anglers in Rushville every spring, made his first catch of the season Sunday, when he pulled out 5 black bass. One weighed 14 pounds, one was a 12 pounder, and three weighed a pound each. He caught them in the pond, just east of the city. Last year he made his first catch on January 15, but this year the weather was not suitable until yesterday.

## BEGAN PRESENT SCHOOL SYSTEM

William Bundy, Regarded as Originator of Commission Form, Dies at Home in Carthage

### FIRST IN STATE AT CARTHAGE

Served as President of School Board for 33 Years and Was Active in Public Affairs

William Bundy, age eighty-six years, who was regarded as the originator of the present school commission system in Indiana, died at his home in Carthage Saturday night at 10:25 o'clock.

Mr. Bundy was identified with the Carthage school system for thirty-three years, as president of the school board, and through his influence largely it was developed to the point where it was the first one in the state to be granted a commission.

The Carthage school corporation was discontinued a few years ago and the Carthage schools became a part of the township system, and were placed under the jurisdiction of the township trustee.

Mr. Bundy was president of the school board all of the time that he served as a member. The commission system, which provides for the granting of a commission to a school for taking a course of study reaching from the eighth grade to college without examination, is now in use throughout Indiana.

Mr. Bundy, in co-operation with the late Drury Holt, who was then trustee of Bixley township, figured out the commission system and inaugurated it. Adam J. Johnson of Indianapolis was superintendent of the Carthage schools at that time and the first class was graduated under the system in 1881.

J. W. Bloss, who was then state superintendent of schools, made the address to the graduating class and said it was "the only school of its kind in Indiana and is worthy of a commission."

One of the teachers in the school at that time was Mrs. Margaret Hill McCarter, now of Kansas, who has gained prominence as an author, a political speaker, and chautauquian orator.

Mr. Bundy was always very prominent in public affairs in Carthage. He had a blacksmith shop for twenty-three years and during that time also manufactured pumps. He was also superintendent of the Carthage Natural Gas company for 27 years. Mr.

## COMMISSION TO CONDUCT PROBE

State Public Service Body to Hold Hearing on Fortville Traction Wreck Thursday

### FINAL DEATH LIST MAY BE 15

Ten Bodies Identified and Bits of What May be 4 or 5 Bodies Lay in Anderson Morgue

(By United Press)

Indianapolis, Ind., Feb. 4—John W. McCord, a chairman of the state public service commission today announced the commission will hold a public hearing on the Fortville traction wreck at the City Hall in Anderson at ten o'clock Thursday morning.

The interstate commerce commission will be asked to join in the probe.

Two more dead were identified at Anderson today. They were: William E. Kinnear, Indianapolis; and Samuel A. Greenwalt of Muncie.

Anderson, Ind., Feb. 4—Work of identifying the charred bodies of the Fortville wreck victims moved slowly today.

Eight bodies have been identified. Bits of what may have been four or five other bodies lay in the morgue here with practically no means of identification except from jewelry sifted out of the ashes of the burned interurban cars, or through a careful checkup on the list of missing.

It is now believed the number who met death when the Union Traction trains crashed near Fortville late Saturday afternoon was 12.

It was believed, however, that the bodies of two children had been completely cremated, and the final list of dead may reach 15.

## NEW BUILDING WILL BE FORMALLY OPENED

Program Will be Given at Jackson Township School House Friday Evening

### NEW \$50,000 GRADE SCHOOL

The formal opening of the new Jackson township grade school building will take place next Friday evening, it is announced by Henry Beckner, township trustee, and the general public is invited to be present and inspect the new structure and enjoy a social good time with the school patrons of the township.

The new school building was recently finished to such a stage that it could be occupied and two weeks ago today regular class work was started.

The contract price for the building was \$49,870, which did not include the furniture and the light plant. There is a gymnasium in the basement which may be converted into a live stock pavilion for shows.

There will be a program by the school and music will be provided by Wagoner's orchestra of this city. The names of the speakers were not announced, but it is stated that Birney D. Farthing, county superintendent of schools, will make a short talk.

The citizens of the township will give a pitch-in supper and everyone is invited to participate and enjoy the evening together.

## FUNERAL FOR T. M. GREEN HELD TODAY

Services At First United Presbyterian Church, of Which He Was Last Charter Member

### MEMORIAL BY COUNTY BAR

Says Community Suffers Distinct Loss in His Passing—County Offices Close For Funeral

Funeral services for Thomas M. Green, who died at his home here Saturday morning after a prolonged illness, were held this afternoon at two o'clock at the First United Presbyterian church. The funeral oration was delivered by the Rev. E. G. McKibben, pastor of the church, and burial was made in East Hill cemetery.

Mr. Green was the last charter member of the local United Presbyterian church and was one of its most valued members, having taken a leading part in the affairs of the church since its organization.

Offices in the court house closed this afternoon from two until three o'clock for the funeral.

A memorial on the death of Mr. Green, prepared by a committee composed of Donald L. Smith, John A. Tittsworth and Douglas Morris, was adopted by the Rush County Bar association.

It recites the facts regarding his life, and in connection with his election as clerk of the court, says: "Rush county never had a more efficient officer than Mr. Green."

"For eight years, during the incumbency of four different circuit judges, he entered, in pen and ink, the proceedings of this court. His early training in the law, his general education, and his painstaking accuracy in all his tasks, were such that except in rare instances, the decrees and judgments of the court were entered without even the assistance of interested counsel. He was a clear thinker, and could and did record the proceedings of the court in accurate, concise, language in neat and legible penmanship, and the records of this court from 1893 to 1901 constitute a permanent memorial of most distinguished service to his contemporaries, and even to generations yet unborn for these court records furnish the safe muniments of title to much Rush County real estate."

The memorial refers to the formation of the law partnership with which he was identified and recalls his service in the state legislature, in the session which provided for the erection of the Soldiers and Sailors monument.

Reference is also made to the fact that he was the last survivor of the charter members of the First United Presbyterian church and that he was chairman of the Rush County Council of Defense in the World War, and devoted nearly all of his time in patriotic service by the discharge of the manifold duties of the office. The memorial mentions the other pieces of public service he performed and concludes with the following:

"Mr. Green's life covers nearly all the period of Rush County's development from the pioneer wilderness state to its present proud position. For half a century, and during which our greatest progress was made in road and railroad building, construction of school houses, and churches, and other public institutions, Mr. Green was a most prominent and forward looking actor, and in attaining our present eminent position among the progressive communities of Central Indiana, no Rush County citizens contributed more generously or effectively."

"He was permitted to live a little beyond the limit of three score years and ten, and to see his children established in life, and meriting and receiving the respect and honor of their neighbors. He saw the fruits of the handiwork of himself and other unselfish citizens of Rush County, mature and ripen into almost an ideal condition."

"As lawyer, official, business man and citizen, he did his full part and this bar and this community, both of which he served so faithfully, suffer a distinct loss in his passing."

## MEETINGS START AT FIRST BAPTIST

Series of Evangelistic Services, to Continue For Two Weeks, Begin Sunday Night

### SERMONS IN OTHER CHURCHES

The Rev. Gibson Wilson Preaches Second of The Series on "The Apostles Creed"

In preparation for the celebration of the Lord's supper at the morning hour Sunday at the First Baptist church, the pastor, the Rev. R. W. Sage preached on "A Communion Service."

The series of evangelistic meetings which will continue for two weeks, was begun last night. The pastor spoke on "Christ's Challenge to Manhood." Taking as his text Luke 9:62 "But Jesus said unto him, no man having put his hand to the plow, and looking back, is fit for the kingdom of God," the substance of his message was: "In using the figure of a plowman, Jesus chose an illustration which embodied all the essential characteristics of a Christian life."

"In the first place the plow suggests unity and purpose in life. Someone has well said, 'Christ alone can save the world, but Christ cannot save the world alone.' No life can come to its best until it realizes dependence upon and unity with Christ in its task. The challenge of Jesus Christ is that we shall put our lives along with his in the great work of world redemption."

"In the second place, the plow suggests life under difficulties. But difficulties are the developers of character. We must contend with the soil, take out the roots, rocks and stones. The test is in the fruit of life and not the looks. A life under difficulties always suggests the need for faith. The plowman must plow, not with absolute knowledge of success, but with a firm conviction that his work will be rewarded."

"In conclusion, the Kingdom of God, as the plow, demands a free choice. Christ challenges men to great tasks. It is theirs to choose. He will not force them. Think of his challenge. It is to a life partnership with Him in the task of bringing righteousness, peace and joy into the world. It is the privilege of having a part in the bringing of 'The kingdoms of this world to become the kingdom of our Lord and his Christ.'"

### "Babel Versus Bethel"

"Babel Versus Bethel" was the subject of the Rev. H. W. Harrett's discourse he delivered at the morning service of the St. Paul's M. E. church Sunday. He took his text from Genesis 11:4. "Come let us build a tower."

**FIRST MARKETING COURSE FINISHED**

Class of Twelve Completes First Course in Cooperative Marketing Ever Given at Purdue

OBTAIN MUCH INFORMATION

Legal Phases of Subject Discussed and Market Bill Vetted by Gov. McCray Also Studied

A class of twelve graduate students in the Department of Farm Management at Purdue University have just completed a course in Cooperative Marketing. This is the first time that any course of this nature has been given at the University and its primary purpose is that of learning the principles of cooperative marketing through a study of the past and present cooperative organizations.

The recent book on "Cooperative Marketing" by Herman Steen was used as a text during the early part of the course and later many other papers and articles were used for reference. The legal phases of the subject were thoroughly discussed and a study of the market bill which was vetoed by Gov. McCray last spring occupied a part of the time.

The class had the opportunity of hearing several prominent men discuss the subject. Dean Farrell of Kansas State Agricultural College addressed the class at one of its meetings and the entire class attended the Farm Bureau meeting at Indianapolis and heard Aaron Sapire on the evening of December 8.

Dr. W. E. Paulson, formerly of Wisconsin University, has had charge of the class and Prof. O. G. Lloyd head of the Farm Management Department at Purdue, together with Dr. E. C. Young formerly of Cornell University assisted with the work. The students have expressed themselves as having obtained a great deal of information on the subject and feel that the problems, opportunities and limitations of cooperative marketing are much more definite in their minds than before they took the course.

NOTICE FOR IMPROVEMENT OF HIGHWAY IN RUSHVILLE TOWNSHIP, RUSH COUNTY, INDIANA.

Notice is hereby given that a petition has been filed in my office for the grading and paving with cement or stone of a certain highway in Rushville township, Rush County, State of Indiana, which petition is signed by James Shannahan et al., and is in the words and figures as follows, to-wit:

State of Indiana, Rush County, ss: In the Matter of the Petition of James Shannahan et al. For the Improvement of Highway in Rushville Township, Rush County, Indiana.

To the Honorable Board of Commissioners of Rushville Township, Rush County, Indiana.

Come now the undersigned and respectfully show to your Honorable Board that more than fifty of the undersigned are resident freeholders and voters of Rushville Township, Rush County, Indiana, and that said Rushville Township does not contain an incorporated town or city of 30,000 inhabitants, but that said township does contain an incorporated city, Rushville, of between five and six thousand inhabitants and containing no other incorporated town or city.

Your petitioners would further show to your Honorable Board that there is now and has been for many years last past an existing public highway in said township, a portion of which the undersigned desire improved; that a description of said portion which the undersigned desire improved is as follows, to-wit:

Beginning at a point in the southwest quarter of Section thirty-six (36) Township thirteen (13) north, Range nine (9) east, where the road herein described and hereafter known as the James Shannahan et al highway intersects the Rushville and Indianapolis pike (now State highway) No. 39. Thence following the center line of established highway in a northerly direction one thousand forty (1040) feet; thence in a northwesterly direction following along and over said highway 4960 feet; thence in a northerly direction on line between the east half and west half of the southeast quarter of Section 26, Township 14 north, Range 9 east, to the northwest corner of the east one-half of the northeast quarter of said Section 26. Said point being on the line between Rushville and Jackson Townships. The total distance being approximately two and one-fourth miles.

Said petitioners would further show that the above described highway should be graded, drained and paved to the width of sixteen feet and that the same should be improved by grading, draining and paving the same with cement or stone; that the same when so graded, drained and paved will be of public utility.

That the benefit to be derived from said proposed improvement will be greater than the cost thereof.

The entire width of said highway from fence to fence to remain the same is at present.

Your petitioners would further show to your Honorable Board that the said highway proposed to be improved is all in Rushville Township, Rush County, Indiana, and that the same is less than three miles in length, and connects at each end with a free gravel road, also, that a United States Free Rural Route passes over and along said highway.

## FIRST VIEW OF THE PENNSYLVANIA MINE DISASTER

Thus far 36 bodies have been taken from the Lacashire mine at Shanktown, Pa., following an explosion. Four men still are believed entombed. Photo shows bodies being brought to surface in small cars and placed in hearse.

after spending a few days in this city with her parents, Mr. and Mrs. Frank Mullins.

—Miss Helen Bebout and her house guest, Miss Ernestine Wern of Terre Haute, Ind., who spent the week-end in this city as the guests of the former's parents, returned to Indianapolis this morning to Madame Blaker's school, where they are students.

—Mr. and Mrs. Lloyd Smith returned to their home in Hamilton, Ohio, Sunday after a visit in this city with her parents, Mr. and Mrs. Ed Walters in West First Street.

## WILSON FUNERAL WILL BE SIMPLE

Continued From Page One— simple", Grayson said, and there will accordingly be nothing the nature of a state funeral".

The fact that the body is to be placed in the crypt at Washington cathedral indicated, Grayson stated, that no final decision as yet had been reached by Mrs. Wilson as to where the former war president will be permanently interred.

Grayson believes that the crypt will be only a temporary resting place for his former distinguished patient. But he stated he did not know where the final burial will be.

## TO IMPRESS COMMISSION

Body to Emphasize St Paul is Behind Power Project on Flatrock River

St. Paul, Ind., Feb. 4— Citizens of this town are planning to charter a special interurban for Indianapolis to visit the public service commission in a body to impress upon the commission that St. Paul is whole heartedly behind the power project of the Hoosier Hydro-Electric company on Flatrock river above St. Paul.

Surveys have been made and other plans for the construction of the power plant have been made and work, it is understood, will begin this spring.

Although no stock is being sold locally, all capital being provided by Eastern financiers, the community is anxious to see the hydro-electric plant become a reality.

## NO REACTORS FOUND

Warsaw, Ind., Feb. 4—More than 1,000 cattle have been given the tuberculosis test in Kosciusko county in recent weeks and not one reactor was found in any of the herds, according to a report made today by the Kosciusko county Shorthorn association. The inspections were made by Dr. J. B. Current, a federal veterinarian.

## Gas From Food Presses on Heart

If food does not digest it turns into poisons which form gas. This often presses on heart and other organs causing a nervous, restless feeling. Simple hick-horn bark, glycerine, etc., as mixed in Adlerika removes foul, decaying food matter you never thought was in your system which caused gas and pressure on heart. Adlerika expels poisons and gas from BOTH upper and lower bowel. EXCELLENT to guard against appendicitis. Hargrove & Brown, Druggists—Advertisement.

## INCENDIARY FIRES ARE ON DECREASE

Three Reasons Are Given For This Decrease by Newman T. Miller, State Fire Marshal

## PLENTIFUL MONEY SUPPLY

Authorities on Alert For Fires And Citizens Have Been Warned by Posters And Speeches

Indianapolis, Feb. 4—It used to be not infrequent that, when a man wanted money badly, he would first take out insurance on his barn and then carefully drop a match in the hay loft and collect the insurance.

This type of incendiarism is slowly dying out, according to Newman T. Miller, State fire marshal. Miller gave three reasons for the decrease in fires of incendiary origin, named in the order of their importance:

1. Business conditions. In the last few years, business has been so good that money was generally plentiful.

2. Prosecution. State authorities, aided by assistants in every town and city have been increasingly on the alert for fires savoring of incendiarism.

3. Education. The citizens of the State have been warned, importuned and enjoined by posters and speeches to help reduce the annual fire loss.

The first item is by far the most important one, Miller said.

"If a business slump hits the country, this office will be the first to notice it by the increase in the fire loss," Miller said. "It is invariable".

"However, regardless of business conditions, the people are getting over the idea of getting cash by burning down their property," he added.

The decrease in incendiary fires will not be noticed by the report of the number of fires investigated by the fire marshal's office, he said.

## MURAT TEMPLE TO HAVE A BIRTHDAY

Indianapolis Mystic Shrine Will Observe 40th Anniversary With Big Class Planned

## 500 MEMBERS IS GOAL

Charles J. Orbison is the Illustrious Potentate, in Charge of Organization Work

(Special to the Daily Republican.)

Indianapolis, Ind., Feb. 4—The fortieth anniversary year of Murat Temple, Nobles of the Mystic Shrine is rapidly becoming notable for activities in behalf of the organization and, according to Ed. J. Gausepohl, chairman of the Fortieth Anniversary Committee, has already developed the fact that Illustrious Potentate Charles J. Orbison is a "darned good sales manager who is piling up enough work to keep seven potentates busy without even raising a head of perspiration in doing it."

Potentate Orbison's latest bit of boosting work consists of launching a membership contest by creating four "teams" of 540 members each, and these teams are already beginning to "hop to it" in behalf of enlisting a great class of neophytes for the ceremonial of initiation now definitely scheduled for Friday, March 28th.

The potentate has called his teams "The Kids' team," the "Boys' team," the "Mens' Team," the "Old Timers' team, and has classified these groups as follows: "Kids" are nobles of the order created less than a year; "Boys" are members of less than three years; "Men" are members of more than three years and less than ten; "Old Timers" are members ranging from ten to forty years.

So there are now 2160 new boosters for Murat temple's roster increase, each with a definite assign-

## Being Proficient

The coach of one of the best col-  
lege basketball teams in the United  
States never played a game of bas-  
ketball in his life.

It is the exception, rather than  
the rule. The best athletic coaches  
are generally those who have played  
the game and have experience in it.

That is a rule that almost invari-  
ably holds true in life.

The best ditch digger is the one  
who has been digging ditches all of  
his life—has made it a business and  
knows the quickest and best way to  
do the job.

The best doctor is generally the  
doctor who has studied the most,  
has had the most experience and has  
made the greatest effort to keep pace  
with the advancement of medical  
science.

The same is true of any profes-  
sion, any business, any trade.

To be proficient, we must "know  
our business." We must make a study  
of it and devote all of our energies  
to making the most of what we have.

Look around you and observe the  
men and women in this community  
who are regarded as the best in their  
line.

They are the people who have given  
the best they have to their chosen  
work.

It makes no difference whether  
they are men who labor with their  
hands or men who are skilled in  
some profession; whether they are  
women whose chief aim in life is to  
have good home or women who have  
chosen the business world for their  
activities.

To be recognized as a leader in  
whatever you are doing is honor  
enough for any person, whether it be  
digging a good ditch or skill in one  
of the professions.

Proficiency in whatever you choose  
for a livelihood carries with it a cer-  
tain sense of satisfaction and it  
ought to be recognized more than it is.

## Basketball

Basketball is a great sport and it  
is not difficult to understand why it  
has gripped the interest of the peo-  
ple as it has.

Basketball has all of the elements  
of uncertainty, which is the princi-  
pal reason for its popularity. Like  
the great American game of base-  
ball, it is a sport wherein "dark  
horses" are liable to upset strong  
contenders at any time.

Basketball is typically a high  
school sport and one that is not likely  
to become tainted by profession-  
alism.

It appeals to the love of good  
sportsmanship inherent in the true  
American boy. It is a game of games  
for red-blooded youth where courage,  
stamina, a strong body and the cor-  
rect mental attitude count.

Basketball upholds the highest  
ideals of American sportsmanship. It  
teaches boys who play never to take  
unfair advantage.

There are what the rules de-  
clare fouls, but the vast majority of them  
are unintentional. Players do not  
try to knock their opponents when they are in  
the keyhole to the floor and are with  
few exceptions solicitous for fair-  
fare.

This was never demonstrated more  
than in the county invitational tourna-  
ment that was held here Saturday.  
Players showed a splendid attitude  
all through the tournament.

In fact, they set an example that

## RUSHVILLE TEAM IS COUNTY CHAMP

Lions Win Cup at Invitational Tournament by Defeating Carthage in Final, 36 to 25

### DOWN THREE OTHER TEAMS

Milroy and Raleigh Victories by Rushville Are Both Hard Fought Contests

The Rushville high school basketball team was declared county champions Saturday night, when they emerged victors over all opponents in the county tourney, defeating Carthage in the final game 36 to 25.

The Lions, before reaching the final game, had previously downed Center, Milroy and Raleigh. The morning game with Milroy was one of the most exciting games of the tourney, when the locals were behind 16 to 12 in the first half, and in the last half came out of the pinch, and held Milroy to four points, winning 32 to 20.

When the second round of play began Saturday, Carthage turned the trick on Webb 27 to 21. Indication before hand had pointed to a Webb victory, as Carthage was defeated two weeks previously here by 31 to 14, but in the game Saturday afternoon, Carthage played on equal terms at all times, and the first part of the game was a thriller, with Webb holding a one point lead, 12 to 11, at the half. In the last half the teams were first one ahead and then the other, and in the closing minutes Carthage staged some long shots that won the game for them.

In the second afternoon game Rushville tangled with Raleigh. The Sir Walters got one field goal in the first half, and the score at the first period ended 13 to 5 in favor of the locals. In the last half Raleigh showed better form, and the final result was a ten point victory for Rushville, 29 to 19.

Carthage and Rushville entered the final game at night, with neither team showing the effects of the long grind through the tourney, and all through the first half the teams played good ball, with Rushville having a few point lead at all times, and when Carthage would make a goal, it seemed as if Rushville would come back with one, and the visiting team was unable to catch up. The first half ended 17 to 10.

In the last half Carthage started out fast and scored a field goal, but Rushville soon ran the score up to 22 to 12. At one time the score was 24 to 18, the nearest that Carthage threatened, and as the game went on the two teams scored almost point for point, and the final score ended with Rushville at 36 and Carthage at 25.

### The line-up and summary:

Rushville 36 Carthage 25

## HITTIN' 'EM AND MISSIN' 'EM

### The Point Gatter For The Tourney

Foster Hilligoss, Rushville forward, was the high point man of the tourney and scored a total of 53 points in the games in which Rushville played. He scored 24 field goals, five fouls and missed four fouls. The Rushville team totalled 166 points in the tourney of which an even 75 were field goals, and 16 fouls. The Rushville team was given 27 chances on fouls and missed 11, which is a better record than usual on fouls.

Next in line for points in the tourney, comes Arthur Snoddy, a running mate at forward with Hilligoss. He scored 35 points, sixteen field goals, and three fouls, missing two chances.

The rest of the high point men of the tourney who scored 10 or more points for their team, are as follows: Glover, center for Carthage, scored 34 points, 13 field goals and 8 fouls. This player had the most chances to score on fouls, and of his 20 chances missed 12.

M. Craig, center for Raleigh and Osborne, forward for Webb, were tied with 29 points. Craig tossed in 11 field goals, 7 fouls and missed 9 fouls. Osborne scored 13 field goals, 3 fouls and missed 2 chances.

Siler, forward for Carthage, made 24 points, scoring 11 field goals and 2 out of 7 chances on fouls.

McNamara, Rushville floor guard, counted 23 points. He got 10 baskets and scored 3 out of six fouls.

Green, center for Milroy, made 20 points for his team, scoring 8 field goals, and 4 fouls, not missing a chance.

Walker, center for Rushville and Readmond, floor guard for Milroy, each added 18 points for their teams. Walker made 8 baskets and scored twice on his two chances on fouls. Readmond scored 9 baskets and never had a chance on a foul.

K. Wilson, center for New Salem scored 17 points. He made 8 field goals, and one foul out of 4 chances.

Fair, forward for Webb, and Newbold, forward for Rushville, each made 16 points. Fair had 8 baskets and missed all six chances on fouls. Newbold had 8 baskets, and no chances on a foul.

The following players each made fourteen points: Davison, center for Webb, scored 6 baskets and made his two chances on fouls. Gibson, guard

played as a curtain raiser to the final game at night Saturday, with the Milroy and Rushville girls playing the first game, and in which Milroy came out with an easy victory, 20 to 11. The other game was played by the Rush county coaches and a picked team of the stars of the defeated teams, and the youngsters had no trouble in downing the seniors, 30 to 6, in a twenty minute game.

In the girls game, the score by quarters was as follows:

Milroy 4-4-10-2-20

R'ville 4-2-1-4-11

The summary of other tourney games not published Saturday, are as follows:

Rushville 29 Raleigh 19  
Snoddy F Clifton  
Hilligoss F G. Craig  
Walker C M. Craig  
McNamara G Newkirk  
Comella G Rider

Substitutions, Raleigh, Arnold, Rushville, Newbold, Lakin, Warth. Field goals, Snoddy 2, Hilligoss 5, Walker 3, McNamara 2, Comella, Clifton, G. Craig, M. Craig 2, Newkirk 2. Foul goals Snoddy 2, Comella Clifton, G. Craig, M. Craig 4, Rider

Carthage 27 Webb 21  
Kennedy F Osborne  
Siler F Fair  
Glover C Davison  
Hahn G Gibson  
Renegar G Wagner

Substitutions, Elliott for Davison. Field goals, Kennedy 4, Siler 5, Glover 4, Osborne 4, Fair, Davison 2, Gibson 3. Foul goals Siler, Osborne.

Rushville 32 Milroy 20  
Snoddy F Seright  
Hilligoss F Kinnett  
Walker C Green  
McNamara G Readmond  
Comella G McCorkle  
Substitutions: Milroy, Siler for Seright. Field goals, Snoddy 4, Hilligoss 5, Walker 2, McNamara, Seright 2, Kinnett, Green, 33 Readmond 2. Foul goals, Hilligoss 4, McNamara 2, Comella 2, Seright 2, Green 2.

for Webb, made 7 goals and did not have a chance on fouls. Clifton, forward for Raleigh, scored 5 goals, and made 4 out of 7 chances on fouls. Kennedy, forward for Carthage made six baskets, and his two chances on fouls. Lakin, center for Rushville, made 7 baskets, and no chances on fouls.

G. Craig, forward for Raleigh, made 12 points, scoring 5 times from the field, and made 2 out of 5 fouls.

H. Wills of New Salem also had 12 points scoring 5 field goals, and making good 2 out of 3 fouls.

Seright, Milroy forward and his running mate, Kinnett each counted 10 points. Seright made 4 baskets, and two out of 6 fouls. Kinnett scored 4 baskets, and his two chances on fouls.

Comella, Rushville back guard, scored 7 points during the tourney, making 2 field goals and 3 out of 4 fouls. Rider, back guard for Raleigh scored 5 points making 2 field goals and a foul.

### BEST ON RECORD

The entire tournament was one of the best on record, with more close games than usual. There are six or seven teams that will give any team a real game in the sectional next month and all of the losing teams will make a big effort to overcome their difficulties before the big tourney rolls around.

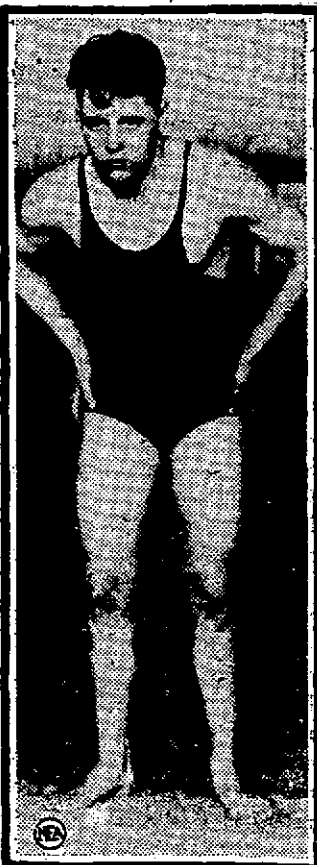

Moscow and Manilla were the two biggest disappointments in the tourney, and especially the Moscow team. The latter is handicapped by the small playing floor and they were unable to check the speed of Milroy on the floor here.

The biggest surprise team, and the one that deserves the dark horse title is New Salem. The score they gave Raleigh no doubt made the Sir Walters uncomfortable, but the Salem tossers couldn't stand the clip in the last five minutes of play.

Center, Gings and Glenwood were the tough luck teams of the tourney. They all drew opponents too strong for them, but when it comes to fighting, none of those losing teams ever gave up.

Most of the teams here Saturday will take part in another tourney this Saturday up at Carthage. Webb wants another crack at the Blue Birds.

### Record

Harry Lewis (above) of New York City broke the record for 100-yard swim by traveling that distance in one from previous record. Occasion was national interscholastic swimming races in Philadelphia.

Fort Wayne—Cooking utensils valued at \$100 and \$250 in cash disappeared along with Edward Wilson, night cook at a restaurant here, according to police.

## LOCAL WINNER IN EASY DRAW

Victor in Coming Basketball Sectional Will Not Meet Strong Teams at Earham

### HOW OTHERS WILL STACK UP

Shelbyville and Muncie Will meet in The Regional if They Win Their Own Sectionals

The winner of the Rushville high school basketball sectional will have an easy drawing of teams in the regional at Earham, according to the drawing made today, and the local winner will not have to face one of the strong teams mentioned as a state title contender.

The sectional tourney here will be held February 29 and March 1, and according to an advance announcement, the teams from Fayette and Rush counties will be here for the games. The local winner, which will be one of the 52 sectionals, will go to Richmond, where the regional will be held, and of the 13 teams entering four will get to go to the state finals at Indianapolis, from each of the four regionals.

The winner of the Rushville tourney makes their appearance at Richmond at ten o'clock March 8, meeting the winner at Aurora. Then the next game will be between the winners of this game and the winner of the Pittsboro and Hanover game, playing at 8:30 on the same night.

On the other hand, Anderson drew a similar schedule and will not have much opposition in their two games at the regional, but Shelbyville will in their second game meet Muncie, if these two teams survive to the regionals.

Although the schedule for the state finals was made out, there is an error in listing the game 9 at Earham, in which the local winner has a chance to survive, and it is not known just what team they will meet first in Indianapolis, excepting one of the four sectional winners—Shelbyville, Muncie, Kokomo or Crawfordsville.

The drawing for the Earham regional, is as follows:

March 7—(One) 7:30 p. m. winner at Anderson vs winner at Winchester (Two) 8:30 p. m., winner at Noblesville vs winner at Shelbyville  
March 8—(Three), 9 a. m. winner at Newcastle vs winner at Muncie.  
(Four) 10 a. m. winner at Aurora vs winner at Rushville  
(Five) 11 a. m. winner at Pittsboro vs winner at Hanover.  
(Six) 2 p. m. winner at Indianapolis vs winner at Richmond.

## TO HAVE FORMIDABLE TRACK SCHEDULES

Last Year Wabash College Lost The State Meet by One And Two-Thirds Points to Notre Dame

### INVITED TO TWO RELAYS

Crawfordsville, Ind., Feb. 1—One of the most formidable track schedules in years has been arranged by Coach Wash Higgins for the Wabash team. Outstanding are the participation in the Illinois and Drake relays in which the Little Giants hold records. Last year Wabash lost the state meet by one and two thirds points to Notre Dame. The schedule for 1924 follows:

March 1—Illinois Indoor Relays.  
April 19—DePauw at Crawfordsville  
April 25-26—Drake Relays

May 3—Western State Normal at Kalamazoo, Mich.

May 10—Indiana at Bloomington.  
May 17—“Little State” meet at DePauw.

May 24—State meet at Lafayette.  
June 24—National Intercollegiate meet at Chicago.

Wabash has been invited to participate in the Penn relays and in the Kansas relays, Butler and Ohio Wesleyan are also bidding for meets but they have not been accepted.

### All Over Indiana

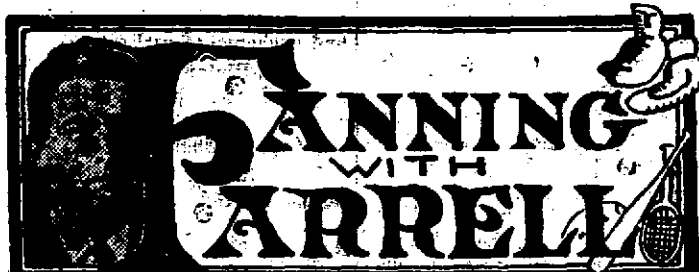

Clinton—Decided improvement is noticed in the output of coal mines here, company officials report. The average for the past few days has been about 25 cars, compared with the low point of 140 cars recently.

Moreland—An addition to the high school here, costing \$35,000, is planned. The present building is crowded, and it is said, the school is threatened with loss of its commission unless the condition is remedied.

Kokomo—Mr. and Mrs. J. W. DeWeese recently celebrated their sixtieth wedding anniversary.

Anderson—The local Chamber of Commerce is distributing free 5,000 auto plates bearing the word “Anderson.”

(Seven) 3 p. m. winner of 7:30 p. m. game vs winner at Greenfield.  
(Eight) 7:30 p. m. winner of 8:30 p. m. game vs winner of 9 a. m. game  
(Nine) 8:30 p. m. winner of 10 a. m. game vs winner of 11 a. m. game  
Winners of 6, 7, 8 and 9 o'clock games play in the final tourney at Indianapolis.

### Why He Cut Out Rough Stuff

HENRY L. FARRELL  
(United Press Sports Editor)

New York, Feb. 4—Babe Ruth, getting ready for another big season, has been chopping wood, tilling the soil and minding the chickens, since he deposited his world's series money and his end of a few exhibition games.

From all evidence the reform that the Babe announced this time last year “took.” For personages of the prominence, the means and the disposition of the Babe, reforms seldom “take.”

Ruth caught himself, however, before he had dissipated to the danger line, and as long as he grants permanence to his resolutions to attend strictly to the business of playing baseball, he will have many more seasons as the greatest of the ball players.

Ever since Ruth was made to see the error of his ways, fans and professors have been curious to know who are and what was responsible for his reformation.

Frank Baker, the former home-run king, according to a story that was told recently, was really the one who got the Babe back on his feet. Baker was a star before the day of the big money, but he was sober in his habits and saving in his ways, and he is now financially fortified for the future.

Baker lectured the Babe constantly on the wisdom of saving his money, but the Babe had plenty and he

saw piles coming in, so the advice of his friend did not take.

Turning to the ponies for amusement, Ruth was “taken” for everything he had and he went \$30,000 “on the nut.” He started to slip as a player, and the source of his revenue was threatened.

After having the lessons that Baker preached to him rather alarmingly illustrated for him, Ruth then turned over, and he hasn't flopped back.

Although he did not make any slugging records last season, Ruth had his biggest year, and he won the prize as the most valuable player in the American League. To a player who loves glory as much as the Babe does, the award of that prize to him was more than new records and a lot of money.

The Babe may not break his home-run record next season, and it is probable that he will not. He does not like the right field layout of the New York Yankee stadium, and he is bothered by the mental belief that he can't hit in his home park.

He is keen about the Polo Grounds and he said he felt sure if the Yanks had played all their home games on the National League grounds last season he would have hit seventy homers.

Ruth also has changed his batting style. He is secure as the home-run record holder, and he is satisfied with the mark he has established. He wants to have at least one season as the champion batsman of the league, and it is almost certain that he will confine his attention to beating out Harry Hellman next season for the championship.

## IT HAS LASTED

Rushville People Must Believe Such Convincing Testimony as Mrs. Wylie's

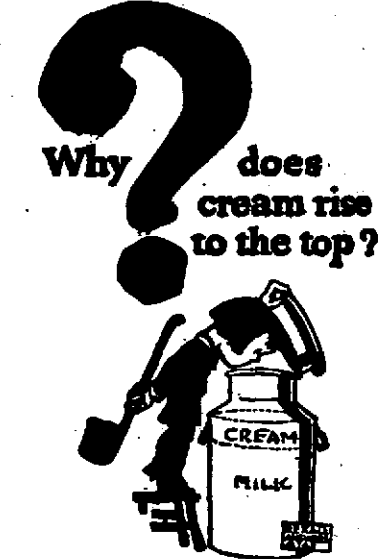

No one in Rushville who suffers backache, headaches, dizziness, rheumatic pains or distressing urinary ills can afford to ignore this twice-told story of a Rushville resident. It is confirmed testimony, telling of lasting benefit from Doan's Pills—a stimulant diuretic to the kidneys. It's evidence that no man or woman in Rushville can doubt.

Mrs. W. A. Wylie, 824 N. Arthur Street, gave the following statement September 20, 1915: "My trouble began with clutching digging pain directly across my kidneys and over my hips. I was unable to do my housework for a week and was in all kinds of misery. I began using Doan's Pills and the pain soon disappeared."

On November 4, 1920, Mrs. Wylie said: "I haven't needed Doan's lately, as my cure has lasted."

Mrs. Mary Walton of East Sixth street entertained several guests Sunday, among whom were her son Birt Walton and wife of Indianapolis Mrs. Robert Powell and three daughters of near this city, and Mr. and Mrs. Oliver Walton and daughter Florene of this city.

## MEETINGS START AT FIRST BAPTIST

Continued from Page One whose top shall reach unto heaven", and Genesis 28:12, "And Behold a ladder set upon the earth and the top of it reached to heaven."

The first text deals with Babel, the second with Bethel. Both come to us from the gray light of most ancient time. The first precedes the beginning of authentic history, the second follows it. Both incidents bear the marks of those primitive times. If they did not, we might be compelled to assign them to a latter age. Their supreme value lies not in their history but in the great spiritual lessons which they teach. They are two attempts to solve the world problem of linking earth with heaven, the seen with the unseen, the temporal with the eternal man with God. Place one against the other. In the first you have a tower whose top was to reach to heaven. In the second you have a ladder whose top did reach to heaven. The first was a failure, the second a success. That which was true then is true today and will be true in all the years to come.

Babel at first seems a strange puzzling story. It closes the first part of the book of Genesis. In the next chapter the writer begins to follow the fortunes of the sons of them through whom all the nations of the earth were to be blessed. By these Babel memories, he would warn them against the mistake of a pride that, inflated with its own achievement, vainly imagines that it can solve all problems and even link earth and heaven without divine aid. History bears witness to the fact that these Babel builders always end in confusion. O, the folly of those who would build an enduring civilization apart from God! Where is the gain of perfecting our machinery if we do not also perfect the man who controls it. It may only mean sinning by electric light instead of by candle light and killing men by the millions by poison gas where once we killed them by the dozens with clubs.

It is only the dawning of the spiritual that can give us the upcoming of the human. Jacob at Bethel in his dream saw the ladder of divine love that ever links earth and heaven. Christ used that vision in revealing himself to Nathanael.

In the evening a large audience listened to a fine musical program under the direction of Miss Helen Jaehne. Owing to the illness of Mrs. A. P. Wagoner, the orchestra was unable to take part.

Jesus is God Incarnate The Rev. Gibson Wilson, pastor of the First Presbyterian church preached his second sermon in the

## For Swollen Joints

Most remedies fail but Joint-Ease succeeds.

It's for joint troubles only, whether in ankle, knee, hip, elbow, shoulder, finger or spine—whether rheumatic or not.

It limbers up stiff, inflamed, painful, creaky joints so quickly you'll be astonished.

Two seconds' rubbing and away it goes through skin and flesh right down to the bone and ligaments—that's why it succeeds. Ask all druggists or any reliable druggist.

## WILL SHE HANG?

Will Mrs. Ida Hughes (above) be the third woman to be hanged in Georgia history? She was convicted of the murder of her aged mother-in-law, Mrs. M. C. Hughes and sentenced to be hanged on March 14. Her husband, indicted as an accessory, will face trial on a murder charge within a few weeks.

series on "The Apostles' Creed," Sunday morning.

He believes that Jesus is the son of the Virgin Mary, that he was miraculously presented to the world, that he is God incarnate.

"And in Jesus Christ His only Son our Lord; who was conceived by the Holy Ghost; born of the Virgin Mary."

The angel's announcement to Mary was that she should not be afraid, for she had found favor with God. This favor is manifested by her being presented with a child of the Holy Ghost, and she is to call him Jesus.

That is his "baptismal name." On the eighth day his parents presented him in the sanctuary to be circumcised and there he was entered as a member of the Jewish Church and placed in the covenant relation with God.

Jesus is the Greek form of Joshua, an abbreviation of Jehoshua meaning "God my Savior." He was familiarly known by his name throughout his life.

Three Messianic titles are important here; "Son of Man," "Son of God," and "Christ." On one occasion he stood before his fellow countrymen and read the sixty-first chapter of Isaiah. "And he began to say, today hath this Scripture been fulfilled in your ears." Thus, he identifies himself with this Scripture and himself claims to be the Christ.

The title "The Son of Man" is used forty-six times with regard to Him. In all these his human nature is emphasized. He claims to be the one who is to be lifted up for the salvation of the world.

The title "The Son of God" reveals him as God's only begotten Son. That is, God is Jesus in all his being.

In the third title, Christ, that is "The Anointed One", we see both his human and divine nature knit together. He had no hesitancy to claim the title. On one occasion when asked "Art thou the Christ?" He answered "I told you and ye believed not: the works that I do in my Father's name, these bear witness of me." It was His claim to Messiahship that brought His crucifixion.

While human He was also divine. At the baptism of Jesus and on the Mount of Transfiguration a voice from heaven said, "This is my beloved Son in whom I am well pleased. Peter thus recognized him: 'Thou art the Christ, the Son of the living God.'"

The Creed further proclaims Him as "Our Lord." This word is full of meaning.

First, He is our Priest. He is the Mediator between God and man. Being without sin, He has the right to appear before the holy God.

Second, He is our Prophet. He is our teacher. He teaches with the authority of God.

Third, He is our King. As our Sovereign ruler He has the right to command. His further duty is to protect His subjects.

The Apostles' Creed declares for the virgin birth of Jesus. "Who was conceived by the Holy Ghost, Born of the Virgin Mary."

Why should this statement be

doubted. We know that great is the mystery of Godliness" and "With God are all things possible."

## TRANSFERS IN REAL ESTATE

Real estate sales in Rush county, that have been recorded during the past three years, have amounted to \$35,614, which reveals that there is still little activity in the real estate business. The only sale of any size was \$11,840, which amount was paid for a farm of 80 acres in Center township. The transfers follow:

Orville Stewart et al to Tooso L. Beher and Bertha L. Beher, 20 acres in Center township \$3520.

Orville Stewart, et al, to Clifford P. Brown and Inez Brown, 80 acres in Center township \$11,840.

Scott Ward and Bertha Ward to Rufus P. Havens and Loretta Havens, 70 acres in Noble township, \$1 and exchange of real estate.

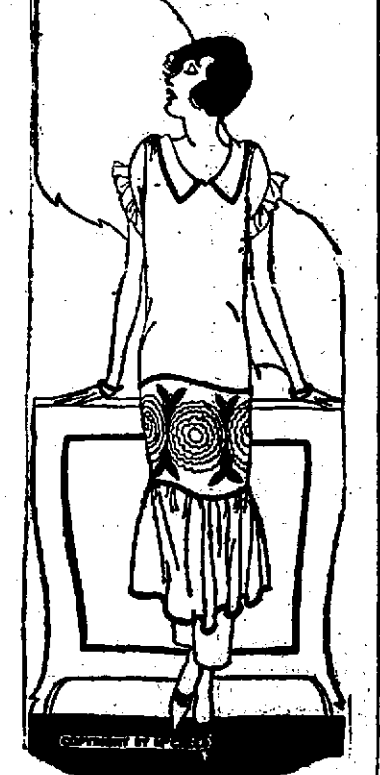

Odie C. Hinton to James G. Alaman and Lydia P. Alaman, a part of lot one in the original plat of Burlington (now Arlington) \$250.

Laura A. Alexander to Robert W. Boren and Goldie E. Boren, lot 265 in Payne et al, Trustees' addition to Rushville \$1 etc.

Charles O. Kirkham, et ux to William Ray Barton, lot 1 and part of lot 7 in William A. Cullen's addition to Rushville \$1 etc.

Esther J. Richey and Melvin Richey to Frank Rardin and Minnie Rardin.

NEED MORE TRUCKS ON HIGHWAY WORK

State Commission Makes Appeal To Take Over 300 Trucks. Now Idle At Ft. Harrison

MORE ROADS IN SYSTEM

Indianapolis, Feb. 4—Efforts to obtain a large number of war department trucks, 300 of which are said to be stored at Fort Benjamin Harrison, for use by the State highway commission, are being made by John D. Williams, director, in Washington, D. C.

The commission has a fleet of about 800 trucks already in service, but with the addition of 400 miles of roads to the system in 1924, many more will be needed.

Williams was accompanied to Washington by Charles Zeigler, chairman of the commission. While there he will also present appeals for an increase of Federal aid to the State system. It is understood.

Approximately \$3,000,000 is asked for Indiana in a general program of State directors who have petitioned the Congress for a \$100,000,000 annual appropriation for the period of July 1, 1925 to June 30, 1926.

The government has thousands of idle army trucks and tractors stored in warehouses. Such equipment is rapidly becoming obsolete for war purposes and is depreciating in value, according to State officials.

Truck manufacturers, however, have opposed the release of war material for State use, according to officials of the commission.

Warsaw—Three Kosciuszko county schools have been closed on account of a serious wave of scarlet fever.

## CHICAGO STATION TO BE FINISHED IN 1925

Estimate on Opening of New Union Passenger Station Made After Survey of Remaining Work

TOTAL COST \$90,000,000

Chicago, Feb. 4.—The new union passenger station of Chicago will be opened early in 1925. This estimate is made after a survey of the work that remains to be done.

Ground was broken nearly nine years ago. Total cost of the station probably will exceed \$90,000,000. The project includes acres of train sheds, miles of tracks and a monumental building which will contain a small city in itself.

Striking features of the gigantic new station include a modern jail for the detention of prisoners awaiting transportation. Travelers religiously inclined will find a chapel that will always be open to worshippers. The station will also have a morgue.

Some idea of the structures' vastness may be gained from the fact that the lobby of the concourse with the subway under Canal street will

## A Life Long Resident Makes Strong Statement

Mrs. Catherine Nohe, 1023 Swinney Ave., a life-long resident of Fort Wayne, Ind., is another to whom the Tanlac treatment has restored the joys of good health. In discussing her experience, recently, Mrs. Nohe said:

"Tanlac brought me such splendid health that I feel all of twenty years younger and it is only natural that I should praise it. The words 'all played out' best describes the condition I was in before taking Tanlac."

"I was so nervous and had such bad headaches that I couldn't sew or read any length of time. I slept poorly and got up mornings with

scarcely energy and strength enough to prepare breakfast. I had no appetite, suffered from indigestion, and felt achy, faint and depressed all the time."

"These troubles just don't seem to stand any show at all against Tanlac. I now eat and sleep like a child and feel fine. Tanlac certainly has unusual merit. My experience proves it so."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take Tanlac Vegetable Pills.

### "I Will Not Resign!"

Secretary of Navy Edwin Denby told Washington correspondents he would not quit under fire, following a meeting of the Cabinet. This photo was taken just outside the White House and shows Denby (arrow) surrounded by newspapermen—and women.

### CARTHAGE

Mrs. Glen Rawls visited her daughter, Miss Janet of Winchester Friday and attended the school operetta.

Carl Parish spent Tuesday in Indianapolis.

Miss Cordelia Mattix left Monday for Patuxent, Ky., to visit her sister, Mrs. W. M. Delaney for an indefinite time.

Mrs. S. L. Dyer and daughter, who have been visiting Mr. and Mrs. James Perkins, returned to her home in St. Louis, Mo., Monday. Miss Stella and Master Jimmy accompanied them home for an indefinite stay.

Mr. and Mrs. Lindley Taylor, Miss Dorothy Taylor and Marvel Edwards were dinner guests of Mr. and Mrs. Orlando Zimmerman Sunday.

Miss Nina Moore spent the week-end as the guest of Miss Mary Cook

at Greenfield and attended the Hancock county tourney.

Mrs. John DeShopper left Thursday for Hartford City where she will spend a few days visit with her sister.

F. F. Brennan spent Tuesday in Indianapolis.

Mr. and Mrs. Paul William moved into part of the Osear Alexander property on Market and First street Thursday.

Robert Moore is ill with the measles.

Miss Margella Lineback and Miss Edith Chavaz of DePauw University spent the week-end with the former's parents, Mr. and Mrs. J. A. Lineback.

Mrs. Herman Jones and children of Newcastle have been visiting Mr. and Mrs. A. J. Carr and Mr. and Mrs. Michael Kiser.

Henry McCullough is visiting his mother in Canton, Ohio.

The members of the Thimble Club and their husbands will meet Tuesday evening at the home of Mr. and Mrs. L. L. Newsom.

Edgar Hill left Wednesday for Seattle, Washington. He visited friends in Carthage Tuesday evening.

Charles Hill returned Monday from Oklahoma City, Oklahoma, where he has been visiting his brother, William Hill and family.

## Health Possible to Stomach and Kidney Sufferers

CHIROPRACTIC HEALTH TALK — No. 51  
By H. V. McCully, D. C., Ph. C.

The Stomach is sometimes referred to as the fire box of the body as it is here that food is first prepared so that it may later be changed into living cells. If this work is not done properly there is an excess of work thrown on the Kidneys. The Kidneys are the workmen, who, when healthy, keep the body free from poisons and toxins, which are destructive to health.

If the nerves which convey the Life Force from the Brain down through the spinal column to the Stomach or Kidneys, are pressed on at the point where they leave the spine—then the life current to these organs as well as their normal action is cut down in exact ratio to the pressure involved. If these nerves were severed you know these organs would be functionless and dead.

Some of the ill effects from the above conditions are:—gas in stomach and bowels, headache in and back of eyes with blurred vision—ache in top of head or base of skull—dizziness, tired feeling, rheumatic pains, palpitation of heart, feeling of weight in back of neck and skin eruptions.

It is in these conditions that Chiropractic is especially efficacious. Under the method of Health Restoration used in this office, the cause of such weakness is removed.

### Comfort and Health Again

MRS. W. G. HOUGHTON, of Davenport, Iowa, under date April 1, 1922, says:

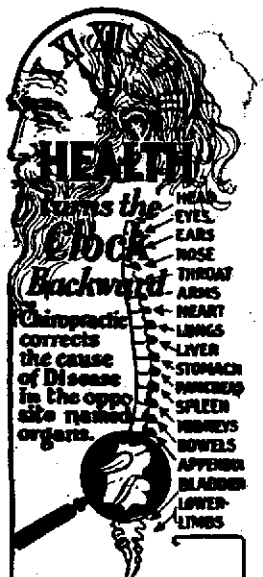

I am glad to be able to say how Chiropractic has helped me. For the past four years I have been a great sufferer with my stomach; my limbs were so swollen and I was also miserable with a kidney affliction, and with much nervousness from my continual insomnia.

It must have been my lucky day when I commenced taking Chiropractic adjustments. It has been some time since I began and I am now free from the distress of the stomach and kidneys. The swelling in my limbs has disappeared, and each night I have my natural sleep and wake up in the morning with my nervousness so much overcome that I can not help but feel grateful to Chiropractic. For Chiropractic adjustments, which have given me the greatest comfort on earth—HEALTH—I am very grateful."

YOUR APPOINTMENT  
for health can be made  
by telephoning 1106.

Drs. McCully & McCully

HOURS — 10 to 12; 2 to 5; 7 to 8  
Farmers Trust Co. Bldg. Rushville, Ind.  
PHONE — House 1799; Office 1106

The lower nerve under the magnifying glass is pinched by a misaligned joint. Pinched nerves cannot transmit healthful impulses. Chiropractic adjusting removes the pressure. The upper nerve is free as nature intends.

## Phone 1420 Allen's 325-329 Main Street

The best cook in the world cannot serve a tempting meal when the food stuffs she uses are not up to the standard in purity and nutriment. Any cook can serve a meal fit for the gods if she is supplied with the right kind of foodstuffs.

We sell groceries that "hit the spot" when properly cooked, and we keep the price down.

There are still a lot of real bargains on our 9c clean-up table; look it over, you may find a number of articles that you are especially fond of.
